A timely book . . . 1-to-1 Learning: Laptop Programs that Work is a comprehensive resource for planning and implementing laptop programs in the classroom. --CDW-G Newsletter When every student in the classroom has a laptop, tablet, or handheld computer at their fingertips, a whole new world of instructional possibilities appears. Get ready to map those possibilities with Pamela Livingston's guide to 1-to-1 programs that work. You'll find practical planning advice and a host of implementation resources. Learn how to form an effective and inclusive planning committee, choose hardware and software that will integrate well with existing systems, select the most cost-effective purchasing, support, and funding options, anticipate and overcome logistical challenges, plan professional development activities that inspire teacher buy-in, and much, much more! Learn from the leaders of the most successful 1-to-1 programs in the country how to plan and roll out a program that will work from day 1! About the Author Pamela Livingston has been an educator and administrator at independent schools for thirteen years. 1-to-1 Learning is the result of interviews with more than three dozen laptop school leaders, a review of the studies and research on laptops and schools, and the author's own professional experience leading the laptop program at the Peck School in Morristown, New Jersey, where she works as head of technology.

This practical text guides the reader in developing the necessary tools for teaching those patients with limited literacy skills. Nurses will learn proven strategies for evaluating comprehension and teaching patients using written materials, tapes, video, computer aided instruction, visuals, and graphics. An abundance of case studies helps to demonstrate the application of teaching/learning theory to actual practice. Readers will also explore literacy issues in health care as well as the cultural impact on comprehension.

Marrying theory and practice, this volume will help principals to maximize human potential, promote quality educational outcome, and practice effective leadership skills. This practical, research-based book provides case studies and addresses the more recent responsibilities and demands placed on principals in site-based managed schools. Placing many of the traditional practices of personnel administration into a new conceptual framework, this book is a must-read for principals at all levels.

The home-school connection is important to student literacy achievement. However, it can be time-consuming to develop and implement programming that keeps families engaged and involved. Empowering Families makes it easier to accomplish these goals! Chock-full of step-by-step plans for arranging a variety of parent/caregiver meetings and literacy booster events, the book enables educators to get families involved in their children's learning in ways that are fun and non-intimidating. By hosting these events at your school, you'll be empowering families to... read aloud to their children at home; minimize the summer slide; encourage male involvement in literacy; help their children avoid homework hassles; and much, much more! Bonus: The book includes ready-to-use handouts for your events, such as announcement sheets, follow-up evaluations, and tipsheets that describe ways parents can reinforce literacy at home. These handouts are photocopiable and the tipsheets are also available for easy download from our website at [www.routledge.com/9781138803114](#). Spanish versions of the tipsheets are available on our website as well.

The only text of its kind available for health and human service practitioners, the Third Edition of Needs and Capacity Assessment Strategies for Health Education and Health Promotion continues to be a highly regarded practitioner's guidebook that is used in upper division undergraduate and graduate professional preparation classes. Recent data collected by the U.S. Department of Education shows that homeschooling has grown by 61.8% over the last decade. Two million children—4 percent of the total youth population in the United States—are homeschooled. But despite its growing popularity, homeschooling isn't for everyone. Students need the right support from parents, and parents must make sure their children get a well-rounded "classroom" experience. There are also other factors to consider. So how do you know if homeschooling is right for you? And how do you get started? Homeschooling For Dummies, 2nd Edition will take you through the ins and outs of home learning so you can make the right decisions for your family. Topics covered include: Developing curricula for different grade levels and abilities Organizing and allocating finances Creating and/or joining a homeschooling community Encouraging socialization Special concerns for students with special needs Updates for this edition: New resources Online courses Start-of-the-art Sex Ed Pinpointing your people Finding your homeschooling style
