Audio content and images from the books are available at <http://voiceacting.com/aovaextras/>

This inspirational guide for advanced acting students brings together multiple ways of creating excellence in performance. David Krasner provides tried and tested exercises, a history of actor training and explores the complex relationships between acting theories and teachers. Drawing on examples from personal experience as an actor, director and teacher, An Actor's Craft begins with the building blocks of mind, body and voice, moving through emotional triggers and improvisation, to a final section bringing these techniques together in approaching a role. Each chapter contains accompanying exercises that the actor should practice daily. Combining theory and practice, this thought-provoking and challenging study of acting techniques and theories is for actors who have grasped the basics and now want to develop their knowledge and training further.

In the Company of Actors is a wonderful ensemble of entertaining and illuminating discussions with sixteen of the most celebrated and prestigious actors in contemporary theatre, film and television. The impressive list of actors includes: Eileen Atkins, Alan Bates, Simon Callow, Judi Dench, Brenda Fricker, Nigel Hawthorne, Jane Lapotaire, Janet McTeer, Ian Richardson, Miranda Richardson, Stephen Rea, Fiona Shaw, Anthony Sher, Janet Suzman,

David Suchet, and Penelope Wilton. Carole Zucker covers a wide range of topics including the actors' main childhood influences, their actor training, early acting experience, preparation for roles and sound advice for coping with actors' problems such as creative differences with other actors or directors.

Analysing why we laugh and what we laugh at, and describing how performers can elicit this response from their audience, this book enables actors to create memorable – and hilarious – performances. Rooted in performance and performance criticism, Sidney Homan and Brian Rhinehart provide a detailed explanation of how comedy works, along with advice on how to communicate comedy from the point of view of both the performer and the audience. Combining theory and performance, the authors analyse a variety of plays, both modern and classic. Playwrights featured include Harold Pinter, Tom Stoppard, Christopher Durang, and Michael Frayn. Acting in Shakespeare's comedies is also covered in depth.

Theatre: Its Art and Craft is an introductory theatre text focusing on theatre practitioners and their processes. Using an accessible tone and a focused exploration of how theatre artists work, the book covers playwrights; directors, actors; designers of sets, costumes, props, lights, sound, and new technology; as well as the varying roles of scholars, critics, and dramaturgs. Appropriate for beginning theatre majors, minors, or nonmajors, Theatre: Its Art and Craft helps students understand how theatre happens, who makes it, and what they do. The sixth edition has been updated with new statistics, references, and photographs. It also features an extensively revised design section, which the authors have divided into two parts: one focused on the tactile elements of design (sets, costumes, props) and the second on the temporal elements (lights, sound, and new technologies).

William Esper, one of the most celebrated acting teachers of our time, takes us through his step-by-step approach to the central challenge of advanced acting work: creating and playing a character. Esper's first book, *The Actor's Art and Craft*, earned praise for describing the basics taught in his famous first-year acting class. *The Actor's Guide to Creating a Character* continues the journey. In these pages, co-author Damon DiMarco vividly re-creates Esper's second-year course, again through the experiences of a fictional class. Esper's training builds on Sanford Meisner's legendary exercises, a world-renowned technique that Esper further developed through his long association with Meisner and the decades he has spent training a host of distinguished actors. His approach is flexible enough to apply to any role, helping actors to create characters with truthful and compelling inner lives.

Storytelling—how to catch and hold a reader's interest through artful narration of factual material William E. Blundell, one of the best writers on one of America's best-written papers—The Wall Street Journal—has put his famous Journal Feature-Writing Seminars into this step-by-step guide for turning out great articles. Filled with expert instruction on a complex art, it provides beginners with a systematic approach to feature writing and deftly teaches old pros some new tricks about: · How and where to get ideas · What readers like and don't like · Adding energy and interest to tired topics · Getting from first ideas to finish article · The rules of organization · How—and whom—to quote and paraphrase · Wordcraft, leads, and narrative flow · Self-editing and notes on style ... plus many sample feature articles.

International environmental law is often closer to home than we know, affecting the food we eat, the products we buy, and even the air we breathe. Drawing on more than two decades of experience as a government negotiator, consultant, and academic, Daniel Bodansky brings a real-world perspective on the processes by which international environmental law develops, and influences the behavior of state and non-state actors.

The Actor Craft is the delivery system for mind and heart. It deals with the tricks of the trade that have been passed from actor to actor for hundreds of years. The book breaks the subject into fifty categories with scripted exercises coaching tips for the teacher, and advice to the actor in training. It can lay out both beginning and advanced class work in the subject- all in an easily absorbed manner. Teachers of acting on every level will find this work useful because it can refresh and extend their ideas and classroom methods.
