Entrepreneurship can be an ideal career option for enterprising individuals with Asperger Syndrome (Autism Spectrum Disorder) and this detailed guide explains how to tell if being self-employed is right for you and how to go about starting and growing your own business. Written by a successful entrepreneur and business consultant with Asperger Syndrome, this book provides all the guidance you need on the practicalities of starting up a company. The unique strengths that people with Asperger Syndrome can bring to a new business venture are highlighted and solutions are offered for elements of entrepreneurship that can create stumbling blocks such as developing working relationships within your company, marketing yourself and your business, managing finances, networking and maintaining a healthy work-life balance. Full of pragmatic advice, case studies from established business owners with Asperger Syndrome and practical tools for professional development, this is an essential startup handbook for anyone on the spectrum considering making the leap to becoming an entrepreneur.

This practical guide to effective public speaking for professionals with Asperger Syndrome (Autism Spectrum Disorder) provides tailored advice on using your Asperger strengths to your advantage and overcoming areas of challenge to find your public speaking voice. Written by a business leader with Asperger Syndrome, it includes guidance and hands-on tools for preparation, research and delivery of successful speeches and presentations. It addresses all the key areas that can cause particular difficulty for people with Asperger Syndrome such as coping with anxiety, interpreting the facial expressions of your audience, awareness of your own body language as projected to others, sensory overload issues caused by the speaking environment, and surviving post-speech networking and social events. Whether giving a presentation at a meeting, hosting a corporate event, or delivering an autism awareness speech, this book provides all the guidance that professionals with Asperger Syndrome need to master public speaking.

Cynthia Kim explores all the quirkykness of living with Asperger Syndrome (ASD) in this accessible, witty and honest guide looking from an insider perspective at some of the most challenging and intractable aspects of being autistic. Her own life presents many rich examples. From being labelled nerdy and shy as an undiagnosed child to redefining herself when diagnosed with Asperger Syndrome as an adult, she describes how her perspective shifted to understanding a previously confusing world and combines this with the results of extensive research to explore the 'why' of ASD traits. She explains how they impact on everything from self-care to holding down a job and offers typically practical and creative strategies to help manage them, including a section on the vestibular, sensory and social benefits of martial arts for people with autism. Well known in the autism community and beyond for her popular blog, Musings of an Aspie, Cynthia Kim's book is rich with personal anecdotes and useful advice. This intelligent insider guide will help adults with ASDs and their partners, family members, friends, and colleagues, but it also provides a fresh and witty window onto a different worldview.

Finding a job is a confusing and anxiety provoking process for many individuals with Asperger Syndrome (AS) who may not know what they are qualified to do and may struggle to communicate their value to employers. This book describes exactly what it takes to get hired in the neurotypical workplace.

A guide to Asperger's syndrome describes what it is and how it is diagnosed, along with information on such topics as bullying, emotions, language, movement, cognitive ability, and long-term relationships.

Includes bibliographical references (p. 227-230) and index.

Good communication isn't just about exchanging information, it's about being in tune with somebody else and considering how they might be feeling and what they might be wanting to say. Believe it or not, many people (with or without an Autism Spectrum Disorder) aren't very good at communicating! We can all learn some helpful tactics from this guide! This guide will cover some of the essentials of good communication, as well as look at some relevant things to be aware of when the exchange is between an autistic person and a neurotypical person. There is responsibility on both people to make a communication meaningful and productive. Therefore, in this guide, although touched upon are the things that that neurotypical people can do to help people with ASD, there are also suggestions for things that people with ASD can do.

An intimate, engaging, and insightful guide to coping with Asperger's--from one of the condition's most passionate advocates. Michael John Carley was diagnosed with Asperger's Syndrome at thirty-six--when his young son received the same diagnosis. This fascinating book reveals his personal experience with the confusion and trauma associated with this condition--and offers insights into living an independent and productive life. Now the Executive Director of the world's largest Asperger's oranization, Carley helps readers in such areas as: - Social interactions - Nurturing interests - Whom to confide in--and how - Dealing with family and loved ones - Finding work that suits your strengths and talents

What if instead of being weird, shy, geeky or introverted, your brain is wired differently? For adults with undiagnosed autism spectrum disorder (ASD), there is often an "aha!" moment--when you realize that ASD just might be the explanation for why you've always felt so different. "I Think I Might Be Autistic: A Guide to Autism Spectrum Disorder Diagnosis and Self-Discovery for Adults" begins from that "aha!" moment, addressing the many questions that follow. What do the symptoms of ASD look like in adults? Is getting a diagnosis worth it? What does an assessment consist of and how can you prepare for it? Cynthia Kim shares the information, insights, tips, suggestions and resources she gathered as part of her own journey from "aha!" to finally being diagnosed with Asperger's syndrome in her forties. This concise guide also addresses important aspects of living with ASD as a late-diagnosed adult, including coping with the emotional impact of discovering that you're autistic and deciding who to share your diagnosis with and how.

If you only buy one book to improve your life this year, make it this one. Temple Grandin, Liane Holliday Willey, Anita Lesko, Stephen M. Shore, and many other Aspie mentors, offer their personal guidance on coping with the daily stressors that Aspies have identified as being the most significant, in order of urgency - anxiety, self-esteem, change, meltdowns, depression, friendship, love, and much, much more. Based on years of personal experience, this book is packed with advice from Aspie mentors who have all been there and done that! World expert Dr. Tony Attwood rounds up each chapter with professional analysis and extensive recommendations. He includes essential information on destructive strategies that may look attractive, but that have counter-productive effects. Including full color artwork from Aspie artists showing visually how they interpret each stressor, this is THE inspirational guide to life for young adults, the newly diagnosed, and as a life-long reference for anyone on the spectrum - written by Aspies for Aspies.
