Well, Carl Martin has been busy creating your wish; the 2Wah. This familiar looking, retro-styled pedal, has an all-metal casing with a non-slip foot pad. It can be powered by 9v battery, but we always recommend using a regulated power supply (like the Carl Martin Big John Power Supply) for maximum headroom and effect.

All the living room's a stage! And your friends and family merely players, with their exits and entrances-and 45 minutes of utter enjoyment. Created by an imaginative drama teacher, The Home Shakespeare Festival is a complete theater company in a box. Home Shakespeare is like a host-your-own-murder game, but with an intellectual and artistic bent. Beginning with one of Shakespeare's best-known, best-loved works, the comedy The Taming of the Shrew, each kit has everything needed to produce and act out a thoroughly entertaining 45-minute version of the play: cards for a director and technical director, showing how to cast the play, direct it, stage it, and create easy sets and sound effects; cards for each of the major parts, with a summary of the character and suggestions on how to play him or her; ten cleverly abridged copies of the script; and key props. For Taming of the Shrew, each kit contains a working plastic recorder (a "flute" instead of a lute) and plastic Groucho eyeglasses. Each kit also contains a booklet introducing the wonderful world of Shakespeare, acting tips and exercises, recipes for grog, and other good party games to play.

Theobald Maske has an unusual problem: his wife's underpants won't stay on. One Sunday morning they fall to her ankles right in the middle of town--a public scandal!

Mortified, Theo swears to keep her at home until she can find some less unruly undies. Amid this chaos he's trying to rent a room in their flat. The prospective lodgers have some underlying surprises of their own. In *The Underpants*, Steve Martin brings his comic genius and sophisticated literary style to Carl Sternheim's classic 1910 farce, *Die Hose*. His hilarious new version was staged by Artistic Director Barry Edelstein, and opened in March '02 on Off-Broadway to critical acclaim.

In *An Encyclopedia of South Carolina Jazz and Blues Musicians*, Benjamin Franklin V documents the careers of South Carolina jazz and blues musicians from the nineteenth century to the present. The musicians range from the renowned (James Brown, Dizzy Gillespie), to the notable (Freddie Green, Josh White), to the largely forgotten (Fud Livingston, Josie Miles), to the obscure (Lottie Frost Hightower, Horace "Spoons" Williams), to the unknown (Vince Arnold, Johnny Wilson). Though the term "jazz" is commonly understood, if difficult to define, "blues" has evolved over time to include rhythm and blues, doo-wop, and soul music. Performers in these genres are represented, as are members of the Jenkins Orphanage bands of Charleston. The volume also treats nineteenth-century musicians who performed what might be called proto-jazz or proto-blues in string bands, medicine shows, vaudeville, and the like. Organized alphabetically, from Johnny Acey to Webster Young, the book's entries include basic biographical information, South Carolina residences, career details, compositions, recordings as leaders and as band members, films, awards, Web sites, and lists of resources for additional reading. Franklin has ensured biographical accuracy to the greatest degree possible by consulting such sources as the census, military registers, passport applications, and other public documents including, when law permitted, death certificates. Information in these records permitted him to dispel myths and correct misinformation that have surrounded South Carolina's musical history for generations.

All the living room's a stage! And your friends and family merely players, with their exits and entrances--and 45 minutes of utter enjoyment. Created by an imaginative drama teacher, *The Home Shakespeare Festival* is a complete theater company in a box. *Home Shakespeare* is like a host-your-own-murder game, but with an intellectual and artistic bent. Beginning with one of Shakespeare's best-known, best-loved works, the tragedy *King Lear*, each kit has everything needed to produce and act out a thoroughly entertaining 45-minute version of the play: cards for a director and technical director, showing how to cast the play, direct it, stage it, and create easy sets and sound effects; cards for each of the major parts, with a summary of the character and suggestions on how to play him or her; ten cleverly abridged copies of the script; and key props. For *King Lear*, the kit includes a retractable stage dagger, a plastic eyeball, and a jester's cap. Each kit also contains a booklet introducing the wonderful world of Shakespeare, acting tips and exercises, recipes for grog, and other good party games to play.

"*Wolf*" is the first original play written by Amy-Jane Ollies. First performed as part of 1956 Theatre's Manchester Repertory Season and now available for performance (providing permission has been granted by the author). The play explores the lives and intertwining relationships of eleven characters - each battling with their own personal demons. Using the old adage from Aesop's famous fable 'the boy who cried wolf' - the play works around the idea that there is a distinct lack of truth at the heart

of each relationship and as the drama unfolds the writing serves as a sharp reminder of the fate that can become those who tell lies... Set in Manchester, 1998.

Susan Sontag: An Annotated Bibliography catalogues the works of one of America's most prolific and important 20th century authors. Known for her philosophical writings on American culture, topics left untouched by Sontag's writings are few and far between. This volume is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography.

During the years before World War II, hundreds of traditional musicians were sought out by commercial record companies, brought to New York or into local—often makeshift—studios, to cut recordings that would be marketed as "race" and "hillbilly" music. Virginia was home to scores of these performers, several of whom were to become internationally known. Among them were the Carter Family, the Golden Gate Quartet, Charlie Poole, and the Stoneman Family, whose music has touched millions of listeners far beyond the confines of the Old Dominion. It is this historically important body of recordings from this unique period that forms the focus of Kip Lornell's study. In it he combines biographical sketches and bibliographies of the artists and groups with comprehensive discographies of each, covering not only the original 78-rpm issues but also American and foreign long-play releases. The entries incorporate new primary research and contemporary interviews with veterans of early recording sessions. Numerous vintage photographs are also included, some reproduced here for the first time.

A Blues Bibliography, Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the bibliography has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations and lyric transcriptions and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African-American culture and among individual blues scholars.
