religions and business ethics, whistleblowing, personal decision-making and feminist ethics Updated cases, examples, and vignettes throughout featuring recent cases that have raised complex ethical issues including the News International phone-hacking scandal, the ethical challenges presented by social media, and changes to banking regulations to avert another financial crisis Extended coverage of Asian, Arabian, Latin American, and African perspectives on the ethical debates and dilemmas faced by businesses in their regions New in-text features highlight the business skills covered in each chapter Enhanced resources on the website including, for students, related video links for each chapter, a careers advice section, all EoS have been updated to feature a new recent film, to help engage students with business ethics through the very latest cultural coverage, and, for lecturers, a test bank of multiple choice questions

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers

a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured workshops

Corporate Citizenship (CC) has emerged as a widely used way of describing the role of business in wider society. As such, CC has been popular with academics, business leaders and politicians alike, as it locates the private corporation within a network of mutual responsibilities and obligations in their social environment. This collection takes stock of the debate by tracing back its origin, identifying the key topics and delineating the key controversies. The volume locates the discussion on corporate citizenship in a wider turn towards the political within the ongoing discussion on the role of business in society. In doing so, the individual chapters feature key contributions by the thought leaders in the field and provide an overview of the ongoing developments in the field, in particular at the transnational level. With an

Read Free Crane Matten Business Ethics 3rd Ed Bing

original introduction by the editors, this collection will be an invaluable tool for students, researchers and practitioners with an interest in the field of corporate citizenship.

Corporate social responsibility (CSR) continues to grow as an area of interest in academia and business. Encompassing broad topics such as the relationship between business, society, and government, environmental issues, globalization, and the social and ethical dimensions of management and corporate operation, CSR has become an increasingly interdisciplinary subject relevant to areas of economics, sociology, and psychology, among others. New directions in CSR research include advanced 'micro' based investigations in organizational behaviour and human resource management, additional studies of environmental social responsibility and sustainability, further research on 'strategic' CSR, connections between social responsibility and entrepreneurship, and improvements in methods and data analysis as the field matures. Through authoritative contributions from international scholars across the social sciences, this Handbook provides a cohesive overview of this recent expansion. It introduces new perspectives, new methodologies, and new evidence from a range of disciplines to encourage and facilitate interdisciplinary research and global implementation of corporate social responsibility.

Business ethics as a discipline leans on cases but flourishes by thorough analysis and reflection. The present volume offers both. After three introductory chapters into business ethics eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact, are extensively described and analysed. Among them are the Lernout and Hauspie speech technology disaster, Heineken's struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical industry and the Aids crisis, and Unilever allegedly making

Read Free Crane Matten Business Ethics 3rd Ed Bing

use of child labour in the cotton industry in India. Each case is followed by two expert comments, from the fields of general ethics, but also of law, economics, management and organisation theory, sociology and social psychology. Cases and comments together offer an unique entrance in varieties of moral reasoning and in the personal and institutional dimensions to be taken into account when facing a corporate case saturated with moral ambiguities. This book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics, Business in Society, Management and Organisation Theory and Strategic Management. It will also be useful for business practitioners eager to find moral guidance in their specific field.

In the modern business environment, companies strive to create a sense of moral obligation within their employees in an effort to foster a concern for social welfare and justice among global organizations. Despite the efforts of managers and directors, many companies continue to find it difficult to overcome the moral dilemmas of the corporate sector. *International Business Ethics and Growth Opportunities* presents the necessary methods and resources for managers and directors to be successful in leading their corporations in a responsible and morally conscious manner. Examining the dangers of unethical behavior, this book provides the strategies and tools for proper management to encourage company strength and success. This publication is an essential resource for academicians, researchers, officials, post-graduate students, and professionals in the fields of business and business education interested in ethical decision making on the individual and company level.

As a relatively young subject matter, corporate social responsibility has unsurprisingly developed and evolved in numerous ways since the first edition of this textbook was published. Retaining the features

Read Free Crane Matten Business Ethics 3rd Ed Bing

which made the first edition a top selling text in the field, the new edition continues to be the only textbook available which provides a ready-made, enhanced course pack for CSR classes. Authoritative editor introductions provide accessible entry points to the subjects covered - an approach which is particularly suited to advanced undergraduate and postgraduate teaching that emphasises a research-led approach. New case studies are integrated throughout the text to enable students to think and analyze the subject from every angle. The entire textbook reflects the global nature of CSR as a discipline and further pedagogical features include chapter learning outcomes; study questions; 'challenges for practice' boxes and additional 'further reading' features at the end of each chapter. This highly rated textbook now also benefits from a regularly updated companion website which features a brand new 'CSR Case Club' presenting students and lecturers with further case suggestions with which to enhance learning; lecture slides; updates from the popular Crane and Matten blog, links to further reading and career sites, YouTube clips and suggested answers to study questions. An Ivey CaseMate has also been created for this book at <https://www.iveycases.com/CaseMateBookDetail.aspx?id=335>.

International human resource management (IHRM) is a key area of research in the sphere of international business and management. Described as a field in its infancy in the 1980s, IHRM has quickly advanced through adolescence and into maturity. Today, it is a vibrant and diverse discipline which boasts a large and active body of researchers across the globe. This volume examines cutting-edge themes, with the input of contributions from both established and emerging scholars. The Routledge Companion to International Human Resource Management gives a state-of-the-art overview of the key themes, topics and debates in the discipline, with valuable insights into directions for future research. Drawing on a large and respected international contributor base and with its focus on mature and

emerging markets, this book is an essential resource for researchers, students and IHRM professionals alike.

Who would or should defend a potential murderer in court? How do professions regulate themselves? Is 'no win-no fee' an ethical system? Where is the line in a 'suitable' client-advocate relationship? Jonathan Herring provides a clear and engaging overview of legal ethics, highlighting that the issues surrounding professional conduct are not always black and white and raising interesting questions about how lawyers act and what their role entails. Key topics, such as confidentiality, negligence, and fees are covered, with references throughout to the professional codes of conduct. Features throughout the textbook to aid student learning include the highlighting of key cases, principles, and definitions; the inclusion of a variety of viewpoints through coverage of cases, popular media, and scholarly articles; and use inclusion of 'digging deeper' and 'alternative viewpoint' boxes which encourage critical reflection and better understanding of key theories and topics. The well developed online resource centre includes Podcasts linked to the 'what would you do' chapter features, video debates, relevant updates and web links.

Ethical Dilemmas in the Creative, Cultural and Service Industries enhances professional ethical awareness and supports students' development of skills for ethical decision-making in these growing sectors. It focusses on the shaping of personal and professional values, and dealing with the moral and ethical issues that (future) professionals may encounter in practice. Including a multitude of varied and interdisciplinary case studies, this textbook adopts an applied ethical approach which enables the student to combine basic ethical theory with relevant and 'real-life' cases. Major ethical issues such as CSR, ethical leadership, human rights, fraud, employee rights and duties, new technology and (social)

entrepreneurship are addressed. This will be invaluable reading for students studying tourism, hospitality, leisure, events, marketing, healthcare, logistics, retail and game development. It will also be a suitable resource for in-company training of practitioners already working in this wide range of domains.
