¶This majestic, moving novel is an instant classic, a book that will be read, discussed and taught beyond the rest of our lives.¶Chicago Tribune Winner of the National Book Critics Circle Award, A Lesson Before Dying is a deep and compassionate novel about a young man who returns to 1940s Cajun country to visit a black youth on death row for a crime he didn't commit. Together they come to understand the heroism of resisting. From the critically acclaimed author of A Gathering of Old Men and The Autobiography of Miss Jane Pittman.

#1 New York Times Bestseller ¶THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more!¶ requires choosing courage over comfort. In Think Again, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. ¶I've never felt so hopeful about what I don't know.¶ ¶Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The bestselling author of Give and Take and Originals examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of Originals and Give and Take, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

A guide to the operating system covers installing and configuring hardware, Linux networking and security, GNOME, and the K Desktop environment

Gain the skills needed to converse in English with confidence! Conversing comfortably in a new language can seem like a daunting task. This accessible guide will help you build the skills to communicate in English with confidence. The book is packed with crystal-clear explanations, numerous realistic examples, and dozens of engaging exercises to help you hone your conversation skills. You'll learn how to introduce yourself, make appointments, strike up conversations, and much more. Practice Makes Perfect: English Conversation is organized around 12 units that present specific conversational situations and common, everyday scenarios. Each unit offers helpful instructions on correct pronunciation, grammar, syntax, and word usage. The exclusive McGraw-Hill Language app features streaming audio recordings of all dialogues in the book plus the answers to more than 100 exercises. Practice Makes Perfect: English Conversation will help you: ¶ Engage in dialogues that illustrate practical conversations ¶ Expand your English vocabulary ¶ Get clarification of new concepts with numerous realistic examples ¶ Reinforce your new conversational skills through extensive exercises ¶ Test your understanding of key themes in the book ¶ Improve your pronunciation through audio dialogs and exercises, online and via the McGraw-Hill Language app

Think about the last time you tried to talk with someone who didn't already agree with you about issues that matter most. How well did it go? These conversations are vital, but too often get stuck. They become contentious or we avoid them because we fear they might. What if, in these difficult conversations, we could stay true to ourselves while enriching relationships and creating powerful pathways forward? What if our divergent values provided healthy fuel for dialogue and innovation instead of gridlock and polarization? Jason Jay and Gabriel Grant invite us into a spirit of serious play, laughing at ourselves while moving from self-reflection to action. Using enlightening exercises and rich examples, Breaking through Gridlock helps us become aware of the role we unwittingly play in getting conversations stuck. It empowers us to share what really matters ¶ with anyone, anywhere ¶ so that together we can create positive change in our families, organizations, communities, and society.

An MIT researcher and leading business consultant demonstrates how to increase a company's awareness of pop culture in order to gain competitive market advantages, citing the importance of gaining a real-world understanding of fast-moving trends and not outsourcing culture-related agendas.
