Those who think this agile decentralized stuff is all new might want to dip into FLIGHT OF THE BUFFALO, now 25 years old. The central theme: that you get better leadership by helping your people grow into a flock of self-organizing geese than you do by being the lead buffalo who does everything (and thereby becomes the indispensable bottleneck to

Flight of the Buffalo: Soaring to Excellence, Learning to ...

Flight of the Buffalo (Belasco & Stayer, 1993) explores the paradigm shift in leadership from the old command and control model (a head buffalo leads through acts of planning, organizing, initiating, and controlling) to the new intellectual capitalism one (where everyone becomes a leader).

FLIGHT OF THE BUFFALO and Other Superleader Models

Flight of the Buffalo contrasts two different metaphors for leadership. The “ herd mentality ” is one in which command is centralised and the leader directs and controls his staff in the same way as the dominant buffalo controls a herd. This was a style of management that was more applicable to a past era, an age

A hardcover bestseller now in paperback presents a management program that encourages employee leadership--which today's companies must have more of if they are to survive the coming decades.

Offers a detailed new leadership model for companies in the 1990s, one in which the employees, not the CEO, assume the responsibilities of leadership. By the author of Teaching the Elephant to Dance.

The devastating loss of their twin daughters in a flash flood turns the lives of Terry and Laura Sheldon upside down as their marriage is tested by grief, Terry's brief love affair, and their growing relationship with their foster child, a ten-year-old African American boy.

"But, we've always done it that way." This is a warning sign, a symptom of impending disaster for any organization. Shackled, like powerful elephants, to the past, organizations rob themselves of the ingenuity required to meet new competitive challenges and escape the "re" dimension trap of "re-engineering, re-organization and re-structuring that concentrate on short term fixes rather than long term solutions. Teaching the Elephant to Dance is a practical, hands-on guide for creating the right change in any organization, large or small, corporate or governmental, manufacturing or service based. Filled with illuminating case studies, it shows how to devise new corporate visions and strategies... how to overcome inertia .. and how to form labor-management partnerships. Clear, authoritative, practical and inspiring, Teaching the Elephant to Dance provides a step-by-step guide for making the impossible happen.

A haunting dream that will not relent pulls author Kent Nerburn back into the hidden world of Native America, where dreams have meaning, animals are teachers, and the " old ones " still have powers beyond our understanding. In this moving narrative, we travel through the lands of the Lakota and the Ojibwe, where we encounter a strange little girl with an unnerving connection to the past, a forgotten asylum that history has tried to hide, and the complex, unforgettable characters we have come to know from Neither Wolf nor Dog and The Wolf at Twilight. Part history, part mystery, part spiritual journey and teaching story, The Girl Who Sang to the Buffalo is filled with the profound insight into humanity and Native American culture we have come to expect from Nerburn ' s journeys. As the American Indian College Fund has stated, once you have encountered Nerburn ' s stirring evocations of America ' s high plains and incisive insights into the human heart, " you can never look at the world, or at people, the same way again. "

#1 AMAZON BESTSELLER "Ford (Stevens), who was first introduced in Colby's 2016 thriller, The Devil Dragon Pilot, will have a little brotherly competition this time around when his little brother Charlie, a Lieutenant fresh out of pilot training, crashes Ford's party..." --The Real Book Spy On Power Reads List: "...of local authors worth checking out." --Hilton Head Monthly Magazine "Ford Stevens is giving Jack Ryan (the recurring hero from Tom Clancy thrillers) a run for his money for the title "coolest patriot on the block." -Author Frank A. "Gus" Biggio, The Wolves of Helmand: A View from Inside the Den of Modern War MILITARY FLYING-- THE RISKIEST CAREER OF THEM ALL. More military pilots die in training than at war. Air Force Reserve Major Ford Stevens is a veteran military pilot, upholding the prestigious family practice of service to the nation in the face of danger. His younger brother, Charlie, a fresh Lieutenant out of pilot training, joins the family tradition seeking to prove himself. With the rivalry still strong, all he wanted to do was follow his big brother's footsteps... Now, Charlie

Access Free Flight Of The Buffalo

joins his brother Ford in the same flying squadron, both men putting their lives on the line each time they strap in the jet, whether in peace or war. It will be an initiation by fire as they hunt a saboteur killing aircrew, uniting the competitive brothers in the ultimate test of life and death. #1 AMAZON bestselling author Lawrence A. Colby is back with his most riveting military-thriller yet! For fans of Brad Taylor, Vince Flynn and Mark Greaney, zip up your flight suit!

On the evening of December 4, 1978, Rocky Mountain Airways Flight 217 departed Steamboat Springs, Colorado bound for Denver with twenty-two souls on board. Less than an hour later, the flight was forced down on Buffalo Pass at an altitude of 10,500 feet when it encountered severe icing conditions and downdrafts created by the winds of a mountain wave. The tragic accident triggered one of the most intense search and rescue efforts in Rocky Mountain history. This true story is told in the words of the courageous passengers and crew- who found themselves struggling to survive the arctic type blizzard conditions with no hope of immediate help-and the heroic search and rescue personnel who risked lives to save lives. Led by an elite Civil Air Patrol unit, and civilian volunteers, the search and rescue effort is considered one of the most successful in the organization's history.

On February 12, 2009, about 2217 eastern standard time, Colgan Air, Flight 3407, a Bombardier DHC-8-400, on approach to Buffalo-Niagara International Airport, crashed into a residence in Clarence Center, New York, 5 nautical miles northeast of the airport. The 2 pilots, 2 flight attendants, and 45 passengers aboard the airplane were killed, one person on the ground was killed, and the airplane was destroyed. The National Transportation Safety Board determined that the probable cause of this accident was a pilot's error.

An exuberant celebration of the Buffalo's return to the wild. Since Declan was born, his kokum has shared her love of Buffalo through stories and art. But Declan longs to see real Buffalo. Then one magical night, herds of the majestic creatures stampede down from the sky. That's when things really get wild! Azby Whitecalf's playful illustrations add to the joy and reverence in Deidre Havrelock's picture book debut. A reprinting of the Buffalo Treaty and an author's note describe the importance of Buffalo to Indigenous Peoples and efforts to revitalize the species.

Are your employees like a synchronized "V" of geese in flight-sharing goals and taking turns leading? Or are they more like a herd of buffalo-blindly following you and standing around awaiting instructions? If they're like buffalo, their passivity and lack of initiative could doom your company. In *How I Learned to Let My Workers Lead*, you'll discover how to transform buffalo into geese-by reshaping organizational systems and redefining employees' expectations about what it takes to succeed. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice.
