Foo Fighters guitar situation can be summed up
pretty simply. Leads. Rhythm. Beef. Most of the time
it's Chris on lead, Dave doing rhythm and Pat adding
the beef to the sound. Sometimes just doubling Dave,
other times playing a unique part.

Prior to the release of Foo Fighters' 1995 debut album
Foo Fighters, which featured Grohl as the only official
member, Grohl recruited bassist Nate Mendel and
drummer William Goldsmith, both formerly of Sunny
Day Real Estate, as well as Nirvana touring guitarist
Pat Smear. The band began with performances in
Portland, Oregon. Goldsmith quit during the recording
of their second album, The Colour and the Shape,
when most of the drum parts were re-recorded by
Grohl. Smear departed soon afterward, b

Learning all the notes on the fretboard taking too long? Or worse - seems impossible? This book will unlock all the notes in 5 Simple steps! Why Should I learn the Fretboard? Throughout my years of experience with the guitar, I have come across multiple "pro guitarists" who cannot name the note they just played. Learning guitar theory with no knowledge about the names of the fretboard is comparable to learning complex arithmetic equations without knowing numbers! This book will make sure you don't end up like one of those guitarists! Here is why you should learn the fretboard: Understand how notes are arranged on the fretboard Create a mind

map to navigate through the fretboard Communicate the ideas you have in your head to written format or to other musicians Create various visual references to make the fretboard less daunting And lots more Why Should I buy this book? It's only fair to ask yourself this question before spending your hard-earned money on anything. Here is what you'll find inside: The whole process of learning the fretboard simplified into 5 easy steps A step by step approach which will give you results even if you are a complete beginner 35+ exercises and tips to make sure you get results as fast as humanly possible The theory behind every concept for those who need it Countless memory techniques to make the process as simple as possible Beginner friendly - no prior music experience required All this taught in less than a day! Why this book from among the 100 others? I know there are multiple books out there that teaches you the exact same things. They have a lot more reviews and have been out for longer than this book. But here is how this book is different: Unique memory techniques which cannot be found elsewhere High quality pictures and diagrams to give you the whole picture Free bonus material including fretboard diagrams, Flash cards, Reference material and lots more! Gives you results faster than any book out there! I hope that was enough reasons to make you jump onto the book! So, what are you waiting for?
