'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WEcare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

The Mashantucket Pequots have had a long and proud history, enduring for centuries even after colonists and historians believed them to have been exterminated by the British in 1637. By the early 1970s, however, the legacy of their generations rested on the shoulders of a single elderly woman, upon whose death the Pequots' reservation would fall into government hands. Her grandson, Richard "Skip" Hayward, and other relatives responded to her pleas and kept alive the tribe and its land by coming to live on the reservation. Journalist Kim Isaac Eisler tells in riveting detail how Hayward and others skillfully manipulated laws, court decisions, and political connections to permit the Mashantucket Pequots to found the Foxwoods Resort and Casino in 1992. Located in Ledyard, Connecticut, Foxwoods today is arguably the world's most profitable casino complex, grossing over one billion dollars annually. The Mashantucket Pequots have become staggeringly rich, their tribal membership has swelled, and they are now an influential force in national politics. Their triumph has not been without controversy: Eisler also examines the volatile issue of racial identity among the Pequots and looks at the negative impact of Foxwoods on those who also make their home in the Connecticut woods.

If you are a web developer with basic knowledge of JavaScript and want to take on Web 2.0, build real-time applications, or simply want to write a complete application using only JavaScript and HTML/CSS, this is the book for you. This book is based on Meteor 1.0.

By far the biggest change to The UK Pesticide Guide in 2020 is the loss of a number of active ingredients that have been fundamental to many crop protection programmes. The final use-up of chlorothalonil formulations; propiconazole, fenpropimorph, chloridazon and diquat occurs in 2020 but there are also a few exciting new additions. Aclonifen is a new residual herbicide for use in potatoes that already has a number of EAMUs for use in minor crops. BASF is launching its new triazole, mefentrifluconazole, which promises to restore full triazole activity, at least initially. On the insecticide front the new active ingredient from Corteva agriscience, sulfoxaflor, is now listed for use in Cucurbitae and ornamentals under full protection for control of aphids and whitefly.

How Cool Are Penguins is a book that will introduce young children to the world of penguins. It is written and illustrated in a fun and informative way that will entertain both the young and the young at heart.

A brief biography emphasizing the career of the leading lady of golf.

Describes the water cycle and the importance of water, explaining evaporation and condensation, dew and frost, and the three states of water.
