Finally, the book that all professionals frustrated with fleeting client loyalty and relentless price pressure have waited for -- the first in-depth, client-tested guide to developing lasting business relationships. What separates extraordinary professionals from ordinary ones? Why are some professionals always drawn into their clients' inner circle of advisers, while others are employed on a one-shot basis and treated like vendors? Based on groundbreaking research, *Clients for Life* sets forth a comprehensive framework for how professionals in all fields can develop breakthrough relationships with their clients and enjoy enduring client loyalty. Drawing on insights from extensive interviews with both leading CEOs and today's most prominent client advisers, Jagdish Sheth and Andrew Sobel debunk the conventional wisdom about professional success -- "find a specialty, do good work" -- as hopelessly inadequate in a world where clients have unlimited access to information and expertise. The authors replace these tired conventions with an innovative blueprint, supported by over one hundred case studies and examples drawn from consulting, financial services, law, technology, and other fields, for how you can evolve from an expert for hire -- a commodity -- to an extraordinary adviser. Riveting portraits of both exceptional contemporary professionals and legendary advisers such as Aristotle,

Thomas More, Niccolò Machiavelli, and J. P. Morgan reveal how great client relationships are achieved in practice. Readers will learn, for example, to develop selfless independence, which tempers complete emotional, intellectual, and financial independence with a powerful commitment to client needs; to become deep generalists and overcome the narrow perspective caused by specialization; to systematically build lifelong trust; and to cultivate the power of synthesis -- big-picture thinking -- that is so highly valued by clients. Acclaimed by leading management thinkers, Clients for Life clearly illustrates the most important attributes and strategies of extraordinary client advisers and shows how you can use them to enrich your own relationships. It provides sophisticated professionals with the tools and insights they need to reap the rewards of lifetime client loyalty.

\$24,985! Let's be a bit more conservative — at \$497 a pop with only 5 customers, that's \$2,485. That's the power of selling high ticket products! "If Selling High Ticket is So Good, Why Aren't More People Doing it?" A lot of people still shy away from selling high ticket items. Why is this? It comes down to a lot of things but one of the first issues is that they lack confidence. If you aren't confident in your own ability to provide great value and if you don't believe that anything you can create will be worth \$2,000, then you might simply avoid trying to make anything for that value. People also tend to do this when selling services. Rather than go after the top clients and offer \$2,000 for a web design, they aim for the lower end clients and charge \$200. They make much more work for themselves and basically that's because they undervalue themselves and they undervalue their time. Another reason that people don't sell high ticket items is that they don't know anything about it. They don't realize that it's an option and once they do consider it, they don't really know how to go about it. There is a ton of information out there on how to set up your own ecommerce store, how to sell affiliate products and how to create ebooks to sell at \$10 a pop. But there's much less information on selling high ticket items. So how can you get started with your own high ticket business? I've written a guide on this exact subject so you can finally reap the benefits. Allow me to introduce you to...
