The Journey What you are about to read is the journey that I took close to a decade ago. This book is really my diary about the investigations I made of a group of mediums and their work. Little did I know that I would also begin to experience phenomenon of a spiritual nature. I made a choice to continue to experience and study and found myself in the need to write down all the experiences that I had so I could later examine them. I found the process and the drama of the soul as they leave their present existence and enter into a new dimension, which is the spiritual world. You will read what I went through, and I learned that life does not end with death but is rather a transformation of the spirit I found that the spirit retains his identity as well as the mind. This journey has taken many turns and continues to this day. I decided to make this information available to all that would wish to read it.
