| Diagnosing Borderline Personality Disorder (BPD) in young people has long been a tough call for clinicians, either for fear of stigmatizing the child or confusing the normal mood shifts of adolescence with pathology. Now, a recent upsurge in relevant research into early-onset BPD is inspiring the field to move beyond this hesitance toward a developmentally nuanced understanding of the disorder. The Handbook of Borderline Personality Disorder in Children and Adolescents reflects the broad scope and empirical strengths of current research as well as promising advances in treatment. This comprehensive resource is authored by veteran and emerging names across disciplines, including developmental psychopathology, clinical psychology, child psychiatry, genetics and neuroscience in order to organize the field for an integrative future. Leading-edge topics range from the role of parenting in the development of BPD to trait-based versus symptom-based assessment approaches, from the life-course trajectory of BPD to the impact of the DSM-5 on diagnosis. And of particular interest are the data on youth modifications of widely used adult interventions, with session excerpts. Key areas featured in the Handbook: The history of research on BPD in childhood and adolescence. Conceptualization and assessment issues. Etiology and core components of BPD. Developmental course and psychosocial correlates. Empirically supported treatment methods. Implications for future research, assessment and intervention. The Handbook of Borderline Personality Disorder in Children and Adolescents is a breakthrough reference for researchers and clinicians in a wide range of disciplines, including child and school psychology and psychiatry, social work, psychotherapy and counseling, nursing management and research and personality and social psychology. |

| From its largest cities to deep within its heartland, from its heavily trafficked airways to its meandering country byways, America has become a nation racked by anxiety about terrorism and national security. In response to the fears prompted by the tragedy of September 11th, the country has changed in countless ways. Airline security has tightened, mail service is closely examined, and restrictions on civil liberties are more readily imposed by the government and accepted by a wary public. The altered American landscape, however, includes more than security measures and ID cards. The country's desperate quest for security is visible in many less obvious, yet more insidious ways. In Scapegoats of September 11th, criminologist Michael Welch argues that the "war on terror" is a political charade that delivers illusory comfort, stokes fear, and produces scapegoats used as emotional relief. Regrettably, much of the outrage that resulted from 9/11 has been targeted at those not involved in the attacks on the Pentagon or the Twin Towers. As this book explains, those people have become the scapegoats of September 11th. Welch takes on the uneasy task of sorting out the various manifestations of displaced aggression, most notably the hate crimes and state crimes that have become embarrassing hallmarks both at home and abroad. Drawing on topics such as ethnic profiling, the Abu Ghraib scandal, Guantanamo Bay, and the controversial Patriot Act, Welch looks at the significance of knowledge, language, and emotion in a post-9/11 world. In the face of popular and political cheerleading in the war on terror, this book presents a careful and sober assessment, reminding us that sound counterterrorism policies must rise above, rather than participate in, the propagation of bigotry and victimization. |

| Amy's life has drastically changed. She's found herself taking on the huge responsibility of running Heartland, the horse refuge that was her mother's life work. The one constant for Amy has been her friendship with Ty. Heartland's 17-year-old stable hand. But the arrival of a new hand, Ben, throws everything off balance. By the time Amy realizes she's taken Ty for granted, it could be too late. |

| She's the one woman I'd give anything to forget—and now I'm stuck living with her. I'm making a fresh start in Lake Tahoe, until my stubborn sister decides to move Mira into our cabin. I'll be damned if I move out on Mira's account. Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. I think we can manage." Once the walls come down, emotions run hot. Grab Never Date Your Ex, a sexy, second-chance romance! Keywords: second chance romance, New Adult, second chances, enemies to lovers, suspense, first love, feel-good, casino romance, men of lake tahoe, romantic comedy, rom-com, steamy romance, second-chance romance, new adult romance, enemies-to-lovers, vacation read, beach read, workplace romance, alpha hero, high school crush, unrequited love |
