An energy vortex is a specific location on Earth which acts as a swirling center of energy, containing more earthly energy than any normal place would. One common belief in regard to energy vortexes is that they exist at the intersections of ley lines or the random lines of natural energy that make up the Earth's electromagnetic field.

This exploration shows how natural forces affect our behavior, how they can be used to enhance our health and well being, and ultimately, how they bring us closer to penetrating one of the deepest mysteries being explored.

In my book, I offer some rare insights into the special association that can exist between ourselves, Ley Lines and Earth Energies, along with the Electromagnetic Dimensions and Entities which surround us. Using comparative linguistics and early historical records, I reveal many discoveries of long, lost wisdom concerning man's relationship with the planet he inhabits. To find the truth these days is extremely difficult - the truth about our former way of life that is ... and my revelations about this might truly surprise the reader!

Since the Stone Age our ancestors have tapped into the natural energies of the planet, building stone circles, standing stones, pyramids and temples in a highly evolved and brilliantly executed network of energy centers around the world. Thousands of years later, this ancient knowledge was brutally suppressed by the early Catholic church and ignored by science. But it still lingered on, kept by such secret societies as the Knights Templar and the Masons, who designed buildings and whole cities incorporating this esoteric knowledge, hidden in plan view. Here, Cowan brings together his own extensive work with the findings of other researchers, and reveals his discovery that the energy lines emanate from volcanic sources that spew out natural telluric energies in all directions, like the spokes of a wheel! Chapters include: Megalithic Engineering; Burial Grounds across Scotland; Following a Straight Ley Line to its Source; Saint Columba and Iona; The Royal Triangle of Great Britain; The Strange Behavior of Ley Lines; The Dance of the Dragon; Ley Lines in the USA; The Secret Knowledge of the Freemasons; Spirit Paths; The Occult Knowledge of the Nazis; How to Use Diving Rods; The Amazing Power of the Maze; more. Tons of illustrations, all in color!

Leys are as elusive as beams of starlight. They are everywhere, you just can't see them. They may be compared to the hidden knowledge of a secret tradition. On public display and freely available to those in the know. Invisible and unsuspected by those who aren't. Thus the ancient wisdom at the basis of leys is encoded within the land for future generations to discover anew, if they possess the vision. London's leys can lead you to magical places, to the soul of the city and to an understanding of the hidden unity which connects our ancient sacred sites to each other and also links our spiritual dimensions to theirs. To our ancestors these locations were places of the gods, places of healing, places of power, places of vision initiation, inspiration and revelation. They still are.

Across the world, sacred sites are linked together by mysterious alignments on the landscape. In the British Isles these links have come to be known as Ley Lines. First discovered in ancient times by the legendary Alfred Watkins, who first coined the term, they have been rigorously studied over the last fifty years. This revised and updated edition of the book by Danny Sullivan is the classic, comprehensive guide to the subject.

First published in 1925 THE OLD STRAIGHT TRACK remains the most important source for the study of ancient tracks or leys that criss-cross the British Isles- a fascinating system which was old when the Romans came to Britain. First in the Herefordshire countryside, and later throughout Britain, Alfred Watkins noticed that beacon hills, mounds, earthworks, moats and old churches built on pagan sites

seemed to fall in straight lines. His investigation convinced him that Britain was covered with a vast network of straight tracks, aligned with either the sun or the path of a star. Although traces of this network can be found all over the country, the principles behind the ley system remain a mystery. Are they the legacy of a prehistoric scientific knowledge which is now all but lost? And was their purpose secular or religious?

Do ancient maps prove that the planet was surveyed 12,000 years ago? Were the poles once in a different position to where they are today? Is there a secret pattern joining the great sites of antiquity? In this revolutionary little book, ancient sites expert Hugh Newman outlines various theories concerning geometry in the distribution of sacred sites on Earth and comes to some startling conclusions. Illustrated throughout with fantastic graphics, this book will change your world. WOODEN BOOKS are small but packed with information. "e;Fascinating"e; FINANCIAL TIMES. We live in a sea of energies that are part of the earth we live on. Most people are not aware of these energies or that they hold many gifts. These gifts help us to heal, balance, expand consciousness (awareness), and support spiritual evolution. Our ancestors knew the gifts of Mother Earth and used these energies to support their lives and spirituality in many ways. We, modern humans, have mostly forgotten that these energies exist. This book helps us to remember these gifts provided by Mother Earth and offers us support for balance, health, expanding awareness, and personal and collective spiritual evolution. It helps us to understand that all tools to live a life of joy, happiness, love, and abundance are permanently available to us. Join the author on a powerful journey of discovery, remembering and reconnecting.

An introduction to the phenomenon of the alignment of ancient sites. It examines the discovery of ley lines by Alfred Watkins in the 1920s, exploring all the explanatory theories, before going on to look at developments in research into ley lines.
