What makes it rain? Make It Rain

Make it rain originates as a slang term for throwing out lots of cash to dancers in strip clubs, as if money is raining down on them. The phrase, with its imagery of showering an abundance of cash, draws from its roots in the term rainmaker.

**NATIONAL BESTSELLER** What if you could get in front of millions of prospects with the avid endorsement of famous influencers--without spending a dime? It's happening right in front of you every day. Guest experts on TV, radio, podcasts, blogs, and live streaming are getting local and national exposure for their business and brand that they could never have afforded to reach with ads. For a decade, Areva Martin has used the media to build a huge platform that expanded the influence and power of her brand exponentially. Media appearances on Dr. Phil, Anderson Cooper 360, The Doctors, CNN, MSNBC, FOX, and more have virtually eliminated the need of a marketing budget for her thriving law firm and non-profit organization, while securing her place as one of America's most sought after thought leaders. In Make It Rain! Areva breaks the silence to reveal what insiders know about the power of media appearances to revolutionize a business and brand and get your core message out to the people who need it most. You'll learn how to: Match your brand to the right audience and media venues Craft pitches producers can't resist Jump on breaking news shows Pivot and speak in soundbites like the pros Amplify every interview with social media Turn appearances into platform and become a rainmaker Never before have there been more ways to build a presence that matters. Whether you are the executive of a corporation, the author of an upcoming book, the owner of a rapidly growing small business, or the public face of a local nonprofit or association, if you have a business to build or people you want to help, nothing beats using the media to create the visibility, influence, and power you need. Are you ready to Make It Rain!?

**New Book Reveals A Simple Email Marketing System That Can Help You Make A Ton Of Sales From Your Email List** If you have an email list and would like to start making more sales with your email marketing, then this book is for you. It used to be really easy to make money from email marketing because people used to love getting an email. They looked forward to all the cool messages in their inbox. And business owners could get away with being lazy and just blast out offers to their entire list... and get pretty good results. The thing is, the game has changed. Consumer behavior has evolved. In order to cut through the clutter and be that one brand people love buying from and develop a relationship with, you have to change your strategy. The best way to do that is with the strategies you'll find in this book. This book is a quick read - you'll probably finish it in one sitting. But it'll show you a new way to think about your email list, which can help you make a lot more sales and grow your business. If you'd like to learn more about Chris Orzechowski, join his email list at www.themailcopywriter.com And if you'd like to hire Chris and his team to help you with your email marketing, go to www.orzmedia.com and fill out an application today. There's a big chance you're leaving a lot of money on the table with your current, ineffective email marketing strategy. So if you'd like to fix that problem, then buy this book today.

From kindergarten to college, we're taught skills to get a job after graduation. No one ever teaches us how to increase our wealth. Despite that, you don't have to be a financial genius to amass great wealth. What you do need, however, is discipline, long-term thinking, and patience. Vercie Lark, who grew up poor and is a multimillionaire in his fifties, shares a simple ten-step program that unlocks the secrets he used to join the ranks of the wealthy. Learn how to —establish reasonable financial goals; —accumulate more wealth by investing; —work with your life partner to achieve mutual goals; and —develop the discipline to live a financially secure life. Too many hardworking Americans think the only way to get rich is to buy lottery tickets, gamble at casinos, try a gimmick, or break the law. Lark is living proof that the American dream is alive and well, and that anyone can follow a simple plan to achieve massive wealth. Find out how to make it rain.

Weather control. Juxtaposing those two words is enough to raise eyebrows in a world where even the best weather models still fail to nail every forecast, and when the effects of climate change on sea level height, seasonal averages of weather phenomena, and biological behavior are being watched with interest by all, regardless of political or scientific persuasion. But between the late nineteenth century—when the United States first funded an attempt to “shock” rain out of clouds—and the late 1940s, rainmaking (as it had been known) became weather control. And then things got out of control. In Make It Rain, Kristine C. Harper tells the long and somewhat ludicrous history of state-funded attempts to manage, manipulate, and deploy the weather in America. Harper shows that governments from the federal to the local became helplessly captivated by the idea that weather control could promote agriculture, health, industrial output, and economic growth at home, or even be used as a military weapon and diplomatic tool abroad. Clear fog for landing aircraft? There’s a project for that. Gentle rain for strawberries? Let’s do it! Enhanced snowpacks for hydroelectric utilities? Check. The heyday of these weather control programs came during the Cold War, as the atmosphere came to be seen as something to be defended, weaponized, and manipulated. Yet Harper demonstrates that today there are clear implications for our attempts to solve the problems of climate change.

Professionals who work with clients or large accounts can create lifetime relationships based on these well-researched secrets. Based drawing from extensive interviews with client executives, Making Rain offers a series of provocative insights on how to shed the expert-for-hire label and develop long-term advisory relationships. Exploding the popular myth of the “Rainmaker,” a dated and dysfunctional figure that clients no longer welcome, Andrew Sobel argues that any professional can learn to “make rain” on an ongoing basis with existing clients by developing a special set of skills, attitudes, and strategies. These innovative tips and techniques from a recognized leader in the field of professional services will enable any consultant, salesperson, or service professional to create enduring client loyalty.

The snow is melting, flowers are blooming, and a light rain is falling. Spring is finally here! With soft-colored art, adorable children, and colorful outdoor scenes, this title continues Cocca-Leffler's delightful series all about the seasons.

Brian Conaghan's first book. For age 13+. "innovative and insightful... couldn't wait to devour part two" - Times Educational Supplement "I was utterly flabbergasted... one of the most compelling novels I've ever read" - Heffers Review, Cambridge "Brilliant writing, brilliant structure, brilliant book" - Des Dillon, author of Me and Ma Gal "definitely up there with the modern classics" - "What? Magazine" A Must-Read for Teens and Adults: The Boy Who Made It Rain is an innovative novel that will keep you glued to the story until you turn the last page and learn the final outcome." - Fran Lewis, New York Reviewer. The story When a school tragedy happens, you probably lay the blame on society, the Internet, TV or violent films. Not many of you think it could be the parents' or the teachers' fault, do you? But then, is it? We all have our say, spout off opinions in different directions according to our view of the world. In this novel, too, they all have their say, but who's right? At only sixteen Clem's world is turned upside down. His Willy-Loman-like father, a travelling salesman and a loser, is transferred from Eastbourne to Glasgow and along with him go Clem and his meek accommodating mother. But Glasgow is rough and Clem's posh English accent is not well-accepted in the sink school he attends. And he's a brilliant scholar. He soon becomes the target for McEvoy's group of thugs for whom slashing faces is the most important ambition in their depraved lives.

Angie Cruz has established herself as a dazzling new voice in Latin American fiction, her writing compared to Gabriel García Márquez’s by The Boston Globe. Now, with humor, passion, and intensity, she reveals the proud members of the Colón family and the dreams, love, and heartbreak that bind them to their past and the future. Esperanza risked her life fleeing the Dominican Republic for the glittering dream she saw on television, but years later she is still stuck in a cramped tenement with her husband, Santo, and their two children, Bobby and Dallas. She works as a home aide and, at night, hides unopened bills from the credit card company where Santo won’t find them when he returns from driving his livery cab. When Santo’s mother dies and his father, Don Chan, comes to Nueva York to live out his twilight years with the Colóns, nothing will ever be the same. Don Chan remembers fighting together with Santo in the revolution against Trujillo’s cruel regime, the promise of who his son might have been, had he not fallen under Esperanza’s spell. Let It Rain Coffee is a sweeping novel about love, loss, family, and the elusive nature of memory and desire.

With her first novel, Angie Cruz established herself as a dazzling new voice in Latin-American fiction. Junot Diaz called her "a revelation" and The Boston Globe compared her writing to that of Gabriel García Márquez. Now, with humor, passion, and intensity, she reveals the proud members of the Colón family and the dreams, love, and heartbreak that bind them to their past and the future. Esperanza did not risk her life fleeing the Dominican Republic to live in a tenement in Washington Heights. No, she left for the glittering dream she saw on television: JR, Bobby Ewing, and the crystal chandeliers of Dallas. But years later, she is still stuck in a cramped apartment with her husband, Santo, and their two children, Bobby and Dallas. She works as a home aide and, at night, stuffs unopened bills from the credit card company in her lingerie drawer where Santo won't find them when he returns from driving his livery cab. Despite their best efforts, they cannot seem to change their present circumstances. But when Santo's mother dies, back in Los Llanos, and his father, Don Chan, comes to Nueva York to live out his twilight years in the Colóns' small apartment, nothing will ever be the same. Santo had so much promise before he fell for that maldiva woman, thinks Don Chan, especially when he is left alone with his memories of the revolution they once fought together against Trujillo's cruel regime, the promise of who Santo might have been, had he not fallen under Esperanza's spell. From the moment Don Chan arrives, the tension in the Colón household is palpable. Flashing between past and present, Let It Rain Coffee is a sweeping novel about love, loss, family, and the elusive nature of memory and desire, set amid the crosscurrents of the history and culture that shape our past and govern our future.

Find out how the water cycle causes rain, snow, sleet, and other types of precipitation. Additional features to aid comprehension include colorful images, informational diagrams, hands-on activities, detailed captions and callouts, a table of contents, a phonetic glossary, sources for further research, and an introduction to the author.
