Luther: Driven to Defiance - BBC Four - 11 September 2007 ...

The Protestant Reformation was the schism within Western Christianity initiated by John Wycliffe , Jan Hus , Martin Luther, John Calvin, and other early Protestants. It was sparked by the 1517 posting of Luther's Ninety-Five Theses. The efforts of the self-described "reformers", who objected to ("protested") the doctrines, rituals, leadership, and ecclesiastical structure of the Roman Catholic Church, led to the creation of new national Protestant churches.

The Protestant Reformation - Andrews U.S. History

Martin Luther was the founder of Lutheranism and Protestantism. I read that a number of German princes became Lutheran years after when Luther wrote the 97 thesis on the Catholic Church. The Holy Roman Emperor Charles V and the Germans tried to restrict Lutheranism since they remained Catholic and the princes ended up protesting them which caused them quickly to fight each other.

Martin Luther: Driven to Defiance - what time is it on TV ...

Ep 1/2 Martin Luther: Driven to Defiance. History, Religion. 8.73. Few if any men have changed the course of history like Martin Luther. In less than ten years, this fevered German monk plunged a knife into the heart of an empire that had ruled for a thousand years, and set in motion a train of revolution, war and conflict that would reshape Western civilization, and lift it out of the Dark Ages.

Martin Luther's posting of the 95 Theses to the door of the Castle Church in Wittenberg on 31 October 1517 is one of the most famous events of Western history. It inaugurated the Protestant Reformation, and has for centuries been a powerful and enduring symbol of religious freedom of conscience, and of righteous protest against the abuse of power. But did it actually really happen? In this engagingly-written, wide-ranging and insightful work of cultural history, leading Reformation historian Peter Marshall reviews the available evidence, and concludes that, very probably, it did not. The theses-posting is a myth. And yet, Marshall argues, this fact makes the incident all the more historically significant. In tracing how - and why - a 'non-event' ended up becoming a defining episode of the modern historical imagination. Marshall compellingly explores the multiple ways in which the figure of Martin Luther, and the nature of the Reformation itself, have been remembered and used for their own purposes by subsequent generations of Protestants and others - in Germany, Britain, the United States and elsewhere. As people in Europe, and across the world, prepare to remember, and celebrate, the 500th anniversary of Luther's posting of the theses, this book offers a timely contribution and corrective. The intention is not to 'debunk', or to belittle Luther's achievement, but rather to invite renewed reflection on how the past speaks to the present - and on how, all too often, the present creates the past in its own image and likeness.

Winner of the Pulitzer Prize: The definitive biography of Martin Luther King Jr. In this monumental account of the life of Martin Luther King Jr., professor and historian David Garrow traces King’s evolution from young pastor who spearheaded the 1955–56 bus boycott of Montgomery, Alabama, to inspirational leader of America’s civil rights movement. Based on extensive research and more than seven hundred interviews, with subjects including Andrew Young, Jesse Jackson, and Coretta Scott King, Garrow paints a multidimensional portrait of a charismatic figure driven by his strong moral obligation to lead—and of the toll this calling took on his life. Bearing the Cross provides a penetrating account of King’s spiritual development and his crucial role at the Southern Christian Leadership Conference, whose protest campaigns in Birmingham and Selma, Alabama, led to enactment of the landmark Civil Rights Act of 1964 and Voting Rights Act of 1965. This comprehensive yet intimate study reveals the deep sense of mission King felt to serve as an unrelenting crusader against prejudice, inequality, and violence, and his willingness to sacrifice his own life on behalf of his beliefs. Written more than twenty-five years ago, Bearing the Cross remains an unparalleled examination of the life of Martin Luther King Jr. and the legacy of the civil rights movement.

This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

A study of Protestant and Catholic pamphlets published in Strasbourg during the early years of the Reformation looks at Martin Luther's use of the recently invented printing press and his dominance of the new medium.

A "lively and engaging" history of the Middle Ages (Dallas Morning News) from the acclaimed historian William Manchester, author of The Last Lion. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy access to a fascinating age when our modern mentality was just being born." --Chicago Tribune

"Scores highly in thoroughness, clarity, and human sympathy. If you want a model of how to defy uncomprehending power . . . or a model of how to laugh at the Devil, Wilson has provided a reliable guide as to how Luther did it." ---Sunday Telegraph (UK) Martin Luther changed Europe and, through Europe, the world. It was he who originally exposed the myth of a unifed Latin Christendom, in fact only held together by crusades, heresy hunts, Inquisition, and priestly magic. Though not the first radical thinker to challenge papal pretensions and the doctrines they were founded on, by his defiance Luther created the biggest cause célèbre of the age. But this renegade monk did not just split Europe into rival Protestant and Catholic camps. By urging Christians to read and interpret the Bible for themselves, he gave a religious boost to that emancipation of the individual we associate with the Renaissance. By putting men and women in charge of their own destiny he made a cultural impact that is incalculable. The first major biography in English for many years, by leading historian Derek Wilson, Out of the Storm responds to recent Reformation scholarship to assess Luther's impact on his own and later ages. This warts-and-all study gives a vivid picture of a complex and driven man---courageous, stubborn, rumbustious, vulgar, erudite, self-opinionated, but a man of tireless energy and, above all, total conviction. For his achievements we can admire him. In his failings we can identify with him. Luther remains perpetually fascinating.

Develops critical-thinking and writing skills Prepares students for document-based assessment Includes options for mock trials and debates
