Here is the first book all the great sauces of practical, workable system. Raymond Sokolov, the widely admired former Food Editor of The first to point out that the hitherto mysterious saucier's art, as practiced by the best restaurant chefs, is based on what amounts to an elegant "fast food" technique. And this is what he demonstrates in his unique, useful, and witty book: -- How to prepare, at your leisure, the three fundamental classic sauces (the "mother" sauces from which all others evolve: Brown, White, and Fish Veloute)... -- How to freeze them in one-meal-size containers, ready for use at a moment's notice... -- How to transform any of these basic put-away sauces, quickly and easily, into the exact ones that French chefs are famous for and serve in the finest restaurants... -- How to prepare the classic dish for which each sauce is traditionally used, with suggestions for enhancing simpler fare (the recipes run the gamut from Duckling a la Bigarade to Poached Eggs Petit-Duc -- that is, with Chateaubriand Sauce). Mr. Sokolov has conceived, then, a comprehensive collection of recipes -- authoritative, clear, and easy to follow -- as well as an inventive method of cooking for the average kitchen. Peppereed with culinary lore and with reassuring accounts of the author's own experiences as a modern-day Saucier's Apprentice, here is a book that will appeal to every good amateur cook who wants to produce sumptuous fare at home for occasions great and small.

The Professional Chef has always provided a complete introduction to classical European cooking, and this all-new edition is completely revised and updated with coverage of topics that are growing in importance.

A groundbreaking culinary work of extraordinary depth and scope that spans more than one thousand years of history, A Mediterranean Feast tells the sweeping story of the birth of the venerated and diverse cuisines of the Mediterranean. Author Clifford A. Wright weaves together historical and culinary strands from Moorish Spain to North Africa, from coastal France to the Balearic Islands, from Sicily and the kingdoms of Italy to Greece, the Balkan coast, Turkey, and the Near East. The evolution of these cuisines is not simply the story of farming, herding, and fishing; rather, the story encompasses wars and plagues, political intrigue and pirates, the Silk Road and the discovery of the New World, the rise of capitalism and the birth of city-states, the Crusades and the Spanish Inquisition, and the obsession with spices. The ebb and flow of empires, the movement of populations from country to city, and religion have all played a determining role in making each of these cuisines unique. In A Mediterranean Feast, Wright also shows how the cuisines of the Mediterranean have been indelibly stamped with the uncompromising geography and climate of the area and a past marked by both unrelenting poverty and outrageous wealth. The book's more than five hundred contemporary recipes (which have been adapted for today's kitchen) are the end point of centuries of evolution and show the full range of culinary ingenuity and indulgence, from the peasant kitchen to the merchant pantry. They also illustrate the migration of local culinary predilections, tastes for food and methods of preparation carried from home to new lands and back by conquerors, seafarers, soldiers, merchants, and religious pilgrims. A Mediterranean Feast includes fourteen original maps of the contemporary and historical Mediteranean, a guide to the Mediterranean pantry, food products resources, a complete bibliography, and a recipe and general index, in addition to a pronunciation key. An astonishing accomplishment of culinary and historical research and detective work in eight languages, A Mediterranean Feast is required--and intriguing--reading for any cook, armchair or otherwise.
