school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Homer Hickam won the praise of critics and the devotion of readers with his first two memoirs set in the hardscrabble mining town of Coalwood, West Virginia. The New York Times crowned his first book, the #1 national bestseller *October Sky*, “an eloquent evocation ... a thoroughly

charming memoir.” And People called The Coalwood Way, Hickam’s follow-up to October Sky, “a heartwarmer ... truly beautiful and haunting.” Now Homer Hickam continues his extraordinary story with Sky of Stone, dazzling us with exquisite storytelling as he takes us back to that remarkable small town we first came to know and love in October Sky. In the summer of ‘61, Homer “Sonny” Hickam, a year of college behind him, was dreaming of sandy beaches and rocket ships. But before Sonny could reach the seaside fixer-upper where his mother was spending the summer, a telephone call sends him back to the place he thought he had escaped, the gritty coal-mining town of Coalwood, West Virginia. There, Sonny’s father, the mine’s superintendent, has been accused of negligence in a man’s

death — and the townspeople are in conflict over the future of the town. Sonny's mother, Elsie, has commanded her son to spend the summer in Coalwood to support his father. But within hours, Sonny realizes two things: His father, always cool and distant with his second son, doesn't want him there ... and his parents' marriage has begun to unravel. For Sonny, so begins a summer of discovery — of love, betrayal, and most of all, of a brooding mystery that threatens to destroy his father and his town. Cut off from his college funds by his father, Sonny finds himself doing the unimaginable: taking a job as a “track-laying man,” the toughest in the mine. Moving out to live among the miners, Sonny is soon dazzled by a beautiful older woman who wants to be the mine's first

female engineer. And as the days of summer grow shorter, Sonny finds himself changing in surprising ways, taking the first real steps toward adulthood. But it's a journey he can make only by peering into the mysterious heart of Coalwood itself, and most of all, by unraveling the story of a man's death and a father's secret. In *Sky of Stone*, Homer Hickam looks down the corridors of his past with love, humor, and forgiveness, brilliantly evoking a close-knit community where everyone knows everything about each other's lives — except the things that matter most. *Sky of Stone* is a memoir that reads like a novel, mesmerizing us with rich language, narrative drive, and sheer storytelling genius.

George Orwell's celebrated novella,

Animal Farm, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had
