Modern-era Doctor Who releases have continued to be released in Region A with 1080p24 mastering. However, classic-era stories in The Collection use 1080i60 mastering. Most new Region B releases continue to use the 50i format of the broadcast masters - exception to this is the UHD release of Twice Upon a Time, which is presented at 2160p24. Steelbook re-releases of series, starting with the 2009 Specials, also use 1080p24 mastering.

A seminal work on how public opinion is created and shaped, Edward Bernays' 1923 classic *Crystallizing Public Opinion* set down the principles that corporations and government have used to influence public attitudes over the past century. With his view that the public behaves like herds of animals, Bernays outlines how to control the masses in whatever way the influencer chooses. With a glimpse into the world of propaganda and advertising, he shows how ideas as different as eating bacon for breakfast and preferring women to be thin were put into our heads. By adapting the ideas that Bernays put forth in this book, governments and advertisers have been able to “ regiment

the mind. ” Bernays ’ work explains a large part of the popularity of today ’ s TV news shout-fest and angry social media posts. Bernays wrote, “ crowds love a contest. ” This dynamic fuels the hostile and sarcastic comment chains that populate Twitter and Facebook and taps into what Bernays called “ the ‘ herd ’ point of view, ” which results in mass audiences, mass products and mass-media events. Bernays was named as one of the 100 most influential Americans of the 20th Century by Life magazine. He counted among his clients the American Tobacco Company, several U.S. presidents and the opponents of the Guatemalan revolution.

Poor Thidwick's generosity proves the adage that no good deed goes unpunished, and soon everyone, from a tiny Bingle Bug to a huge bear, is taking advantage of our antlered hero. With Seuss's rhyming text and endearing illustrations, this beloved story about a kindhearted moose and the bullies that make a home on his horns is an ideal way to introduce children to the invaluable concept of self-respect.

company Cyclopedia format. Unique in its integration of Western and traditional Chinese medicine, the manual was first prepared in the 1950s by medical authorities in the People's Republic of China. Based on the theory of homeostasis, or the balance of life, it's a valuable reference guide to herbal healing, acupuncture, acupressure, and the relationship between emotions and physical health.
