The tropes and themes of J. K. Rowling's massively popular series are interpreted within the context of its audience.

The generation of readers most heavily impacted by J.K. Rowling's Harry Potter series--those who grew up alongside "the boy who lived"--have come of age. They are poised to become teachers, parents, critics and writers, and many of their views and choices will be influenced by the literary revolution in which they were immersed. This collection of new essays explores the many different ways in which Harry Potter has shaped this generation's views on everything from politics to identity to pedagogical spaces online. It seeks to determine how the books have affected fans' understanding of their place in the world and their capacity to create it anew.

JK Rowling now is half-way through a series which has taken the world by storm. Unusually, she has attracted success both in terms of massive sales figures and critical acclaim. This study will look at her books and consider some of the reasons for their phenomenal success. This will be done against a background of how Harry Potter relates to other contemporary children's books so that students and teachers can place them in the context for which they were written. This book has not been authorized by JK Rowling, her agent, or Warner Bros.

Intended primarily for an academic audience, especially scholars doing research and publication in such categories as myth, children's literature, and the "Harry Potter" series. This collection of essays offers practical methods for teaching "Harry Potter" in college and university classroom situations

Taking up the various conceptions of heroism that are conjured in the Harry Potter series, this collection examines the ways fictional heroism in the twenty-first century challenges the idealized forms of a somewhat simplistic masculinity associated with genres like the epic, romance and classic adventure story. The collection's three sections address broad issues related to genre, Harry Potter's development as the central heroic character and the question of who qualifies as a hero in the Harry Potter series. Among the topics are Harry Potter as both epic and postmodern hero, the series as a modern-day

Download Free Research Paper Harry Potter

example of psychomachia, the series' indebtedness to the Gothic tradition, Harry's development in the first six film adaptations, Harry Potter and the idea of the English gentleman, Hermione Granger's explicitly female version of heroism, adult role models in Harry Potter, and the complex depictions of heroism exhibited by the series' minor characters. Together, the essays suggest that the Harry Potter novels rely on established generic, moral and popular codes to develop new and genuine ways of expressing what a globalized world has applauded as ethically exemplary models of heroism based on responsibility, courage, humility and kindness.

Harry Potter and the Millennials tells the fascinating story of how the team designed the study and gathered results, explains what conclusions can and cannot be drawn, and reveals the challenges social scientists face in studying political science, sociology, and mass communication. Specifically, the evidence indicates that Harry Potter fans are more open to diversity and are more politically tolerant than nonfans; fans are also less authoritarian, less likely to support the use of deadly force or torture, more politically active, and more likely to have had a negative view of the Bush administration. Furthermore, these differences do not disappear when controlling for other important predictors of these perspectives, lending support to the argument that the series indeed had an independent effect on its audience. In this clear and cogent account, Gierzynski demonstrates how social scientists develop and design research questions and studies.

This authoritative and enlightening book focuses on fundamental questions such as what is innovation, who is it relevant for, what are the effects, and what is the role of (innovation) policy in supporting innovation-diffusion? The first two sections present a comprehensive overview of our current knowledge on the phenomenon and analyse how this knowledge (and the scholarly community underpinning it) has evolved towards its present state. The third part explores the role of innovation for growth and development, while section four is concerned with the national innovation system and the role of (innovation) policy in influencing its dynamics and responding to the important challenges facing contemporary societies.

Harry Potter and Beyond explores J. K. Rowling's beloved best-selling series and its virtuoso reimagining of British literary traditions. Weaving together elements of fantasy, the school-story novel, detective fiction, allegory, and bildungsroman, the Harry Potter novels evade simplistic categorization as children's or fantasy literature. Because the Potter series both breaks new ground and adheres to longstanding narrative formulas, readers can enhance their enjoyment of these epic adventures by better understanding their place in literary history. Along with the seven foundational novels of the Harry Potter series, Harry Potter and Beyond assesses the extraordinary range of supplementary material concerning the young wizard and his allies, including the films of the books, the subsequent film series of Fantastic Beasts and Where to Find Them, the theatrical spectacle Harry Potter and the Cursed Child, and a range of other Potter-inspired narratives. Beyond the world of Potter, Pugh surveys Rowling's literary fiction The Casual Vacancy and her detective series featuring Cormoran Strike, written under the pseudonym Robert Galbraith. Through this comprehensive overview of Rowling's body of work, Pugh reveals the vast web of connections between yesteryear's stories and Rowling's vivid creations.

Salem Press is proud to present another addition to its Critical Insights Series. This volume provides fourteen insightful essays that dig deep at the heart of the Harry Potter series, author J.K. Rowling's fantastical magnum opus.

A philosophical exploration of the entire seven-book Harry Potter series Harry Potter has been heralded as one of the most popular book series of all time and the philosophical nature of Harry, Hermione, and Ron's quest to rid the world of its ultimate evil is one of the many things that make this series special. The Ultimate Harry Potter and Philosophy covers all seven titles in J.K. Rowling's groundbreaking series and takes fans back to Godric's Hollow to discuss life after death, to consider what moral reasoning drove Harry to choose death, and to debate whether Sirius Black is a man or a dog. With publication timed to coincide with the release of the movie Harry Potter and the Deathly Hallows (Part 1), this book will be the definitive guide for all fans looking to appreciate the series on a deeper level. Covers a range of intriguing topics such as the redemption of Severus Snape, the power of love, and destiny in the wizarding world Gives you a new perspective on Harry Potter characters, plot lines, and themes Makes a perfect companion to the Harry Potter books and movies Packed with interesting ideas and insights, The Ultimate Harry Potter and Philosophy is an ideal companion for anyone interested in unraveling the subtext and exploring the greater issues at work in the story.
