In this "vivid and inspiring" NYT bestseller (Newsweek), the Red Hot Chili Peppers' lead singer and songwriter shares a searingly honest account of life in the rock scene's fast lane -- from the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique brand of cosmic hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis,

the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In Scar Tissue, Kiedis delivers a compelling life story from a man "in love with everything" -- the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compound, Kiedis shares a compelling story about the price of success and excess. Scar Tissue is a story of

Raised in the Midwest, he moved to LA aged eleven to live with his father Blackie, purveyor of pills, pot, and cocaine to the Hollywood elite. After a brief child-acting career, Kiedis dropped out of U.C.L.A. and

plunged headfirst into the demimonde of the L.A. underground music scene. He formed the band with three schoolfriends - and found his life's purpose. Crisscrossing the country, the Chili Peppers were musical innovators and influenced a whole generation of musicians. But there's a price to pay for both success and excess and in SCAR TISSUE, Kiedis writes candidly of the overdose death of his soul mate and band mate, Hillel Slovak, and his own ongoing struggle with an addiction to drugs. SCAR TISSUE far transcends the typical rock biography, because Anthony Kiedis is anything but a typical rock star. It is

Just when did Anthony Kiedis meet current guitarist Josh Klinghoffer for the first time? When did Kiedis first try harder drugs? How did Cher end up as a babysitter for young Kiedis? When

'I did a double take when I saw fourteen-year-old Drew Barrymore at the bar, drinking with the Bukowski crowd. She was adorable, spoke with a potty mouth and carried on as if she was in her twenties. I was straining to approach her but backed off. I'd been in enough trouble. The next time I looked she was gone. A couple nights later she

Terry Wells - Brigg, England "Lords of the Sunset Strip" is the brutally honest and hilarious memoir of actor and writer Blackie Dammett—AKA John Kiedis—who happens to be the father of Red Hot Chili Peppers frontman Anthony Kiedis. drug deals, this tell-all provides an unexpectedly candid look at an actor's transition from a wild man with a dream to a sensitive if unconventional parent with a dream. And of course, there were the women. New girls were always replenishing the scene. Dammett towed his young Red Hot Chili Pepper with him through a torrent of sex-fueled parties, auditions and business deals in Hollywood, New York and London. It's an exhilarating, exhausting and romantic journey. It had a profound and ineffable influence on Rock & Roll Hall of Famer Anthony. "Lords of the Sunset Strip" will no
