The Australian Curriculum edition of the English Skills Builder series sees these best-selling skills resources fully revised to address the three English strands of Language, Literacy and Literature. Designed to complement any English program, this series will teach and reinforce the skills that students need at junior secondary level. Each workbook is divided into 50 units, and content explores different aspects of language use as well as different text types and genres. The English Skills Builder series are now accompanied by digital obooks for the first time. The obook is a cloud-based web-book available anywhere, anytime, on any device, navigated by topic or by 'page view'. As well as containing the student text, the obook offers additional Enriching Literature units focusing on texts relevant to the cross-curriculum priorities, as well as popular classic and contemporary texts. David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.
