problems that all beginning independent instructors face by specifically mapping out chronological steps for establishing and maintaining a private instruction music business. The field of private music education has been inundated by less-than-professional individuals who have made it difficult for legitimate, qualified instructors. The Private Music Instruction Manual shares years of information and experiences in the hope of legitimizing the field of private music instruction. In a world where there is decreasing priority and structure in public music education, private music instructors become increasingly important to prepare the next generation of musicians. No matter the size of your private music instruction business, the advice presented in The Private Music Instruction Manual will help to improve any private music business. From the Midwest Book Review: With The Private Music Instruction Manual; A Guide For The Independent Music Educator, author Rebecca Osborn draws upon her many years of experience and expertise as an adjunct college music professor and owner of three private music studies to write an informed and informative guidebook specifically for musicians and music instructors who want to teach students in a profitable private practice but are not familiar with or knowledgeable about setting up a music instruction business enterprise. Rebecca Osborne provides a wealth of invaluable, professional, effectively organized and presented instructions on establishing and maintaining a music teaching business and shows what to expect professional, personally, and financially from independent music instruction. If you want to make money teaching other how to play any kind of music instrument, then you need to give a careful (and profitable!) reading to Rebecca Osborn's The Private Music Instruction Manual!

Imagine if you had the exact playbook used by today's top startups to grow a business online. That's what Jim Huffman is giving you with The Growth Marketer's Playbook.
