NEW YORK TIMES BESTSELLER • Go beyond the film with a novelization featuring new scenes and expanded material. As the shadows of the Empire loom ever larger across the galaxy, so do deeply troubling rumors. The Rebellion has learned of a sinister Imperial plot to bring entire worlds to their knees. Deep in Empire-dominated space, a machine of unimaginable destructive power is nearing completion. A weapon too terrifying to contemplate . . . and a threat that may be too great to overcome. If the worlds at the Empire ' s mercy stand any chance, it lies with an unlikely band of allies: Jyn Erso, a resourceful young woman seeking vengeance; Cassian Andor, a war-weary rebel commander; Bodhi Rook, a defector from the Empire ' s military; Chirrut Îmwe, a blind holy man and his crack-shot companion, Baze Malbus; and K-2SO, a deadly Imperial droid turned against its former masters. In their hands rests the new hope that could turn the tide toward a crucial Rebellion victory—if only they can capture the plans to the Empire ' s new weapon. But even as they race toward their dangerous goal, the specter of their ultimate enemy—a monstrous world unto itself—darkens the skies. Waiting to herald the Empire ' s brutal reign with a burst of annihilation worthy of its dreaded name: Death Star. Praise for Rogue One: A Star Wars Story " One of the best movie adaptations yet. " —Cinelinx " Rogue One bridged characters and elements of the prequels and original Star Wars trilogy in a visually stunning ride, but there are even more rich details hiding in the film ' s novelization, [which] reveals and expands with inner monologues and character insights, political knots, and nuance. " —The Daily Dot " Rogue One: A Star Wars Story novelization deepens a tale of hope. . . [Jyn Erso] proves to be even more fascinating here than she was in the movie. " —New York Daily News

New York Times bestselling author Beth Revis brings to life the early adventures and heartbreaks of the heroine of the smash hit movie Rogue One: A Star Wars Story. When Jyn Erso was five years old, her mother was murdered and her father taken from her to serve the Empire. But despite the loss of her parents she is not completely alone—Saw Gerrera, a man willing to go to any extremes necessary in order to resist Imperial tyranny, takes her in as his own, and gives her not only a home but all the abilities and resources she needs to become a rebel herself. Jyn dedicates herself to the cause—and the man. But fighting alongside Saw and his people brings with it danger and the question of just how far Jyn is willing to go as one of Saw's soldiers. When she faces an unthinkable betrayal that shatters her world, Jyn will have to pull the pieces of herself back together and figure out what she truly believes in...and who she can really trust.

Two years have passed since Jacen Solo, seduced by the dark side and reanointed as the brutal Sith Lord Darth Caedus, died at the hands of his twin sister, Jaina, Sword of the Jedi. For a grieving Han and Leia, the shadow of their son ' s tragic downfall still looms large. But Jacen ' s own bright and loving daughter, Allana, offers a ray of hope for the future as she thrives in her grandparents ' care. And when the eager, inquisitive girl, in whom the Force grows ever stronger, makes a curious discovery aboard her grandfather ' s beloved spacecraft—the much-overhauled but ever-dependable Millennium Falcon—the Solo family finds itself at a new turning point, about to set out on an odyssey into uncertain territory, untold adventure, and unexpected rewards. To Han, who knows every bolt, weld, and sensor of the Falcon as if they were parts of himself, the strange device Allana shows him is utterly alien. But its confounding presence—and Allana ' s infectious desire to unravel its mystery—are impossible to dismiss. The only answer lies in backtracking into the past on a fact-finding expedition to retrace the people, places, and events in the checkered history of the vessel that ' s done everything from making the Kessel Run " in less than twelve parsecs " to helping topple an evil empire. From the moment the Falcon broke loose from a Corellian assembly line like an untamed creature with a will of its own, it seemed destined to seek out trouble. It was ' t long before the feisty YT-1300 freighter went from shuttling cargo to smuggling contraband. But it ' s a fateful rendezvous on Coruscant, at the explosive height of the Republic/Separatist uprising, that launches a galaxywide cat-and-mouse game whose newest players are Han, Leia, Allana, and C-3PO. And they ' re not alone: Crime lords, galactic pirates, rogue politicians, and fortune hunters alike loom at every turn of the quest—each with his or her own desperate stake in the Millennium Falcon ' s most momentous mission. Through the years and across the stars, from the Rim worlds to unknown points beyond, the race will lead them all to a final standoff for a prize some will risk everything to find—and pay any cost to possess.
