The `Fate of the Jedi' series has generally been a bit patchy, often repetitive and lacking in direction. The previous book made a much better effort at progressing plots and portraying its characters. The eighth volume continues this process and firmly establishes a sense of direction and positive outlook for the final volume.

Luke Skywalker leads an assault against the Lost Tribe of the Sith in order to protect Coruscant and the Galactic Alliance, a confrontation that poses unprecedented threats to his Jedi Order.

Han and Leia endeavor to keep an increasingly unstable Jedi Order out of the control of government security; while Luke and his son, Ben, search a mysterious region of space for clues about Jacen's fall to the dark side. Reprint. A best-selling novel.

After a violent civil war and the devastation wrought by the now-fallen Darth Caedus, the Galactic Alliance is in crisis--and in need, in this latest chapter in the extraordinary history of the "Star Wars" Galaxy.

As Grand Master Luke investigates his nephew Jacen's strange powers, he leaves the Jedi Order vulnerable

to its unstable members and an increasingly anti-Jedi government, a situation that is further complicated by a Sith plot.

Following a trail of clues across the galaxy, Luke Skywalker continues his quest to find the reasons behind Jacen Solo's dark downfall and to win redemption for the Jedi Order. Sojourning among the mysterious Aing-Tii monks has left Luke and his son Ben with no real answers, only the suspicion that the revelations they seek lie in the forbidden reaches of the distant Maw Cluster. There, hidden from the galaxy in a labyrinth of black holes, dwell the Mind Walkers: those whose power to transcend their bodies and be one with the Force is as seductive and intoxicating as it is potentially fatal. But it may be Luke's only path to the truth. Meanwhile, on Coruscant, the war of wills between Galactic Alliance Chief of State Natasia Daala and the Jedi Order is escalating. Outraged over the carbonite freezing of young Jedi Knights Valin and Jysella Horn after their inexplicable mental breakdowns, the Jedi are determined to defy Daala's martial tactics, override Council Master Kenth Hamner's wavering leadership, and deal on their own terms with the epidemic of madness preying on their ranks. As Han and Leia Solo, along with their daughter Jaina, join the fight to protect more stricken Knights from arrest, Jedi healers race to find a cure for the rapidly spreading affliction. But none of them realize the blaster barrel is already swinging in their direction—and Chief Daala is about to pull the trigger. Nor do Luke and Ben, deep in the Maw Cluster and pushing their Force abilities beyond known limits, realize how close they are—to the Sith strike squad bent on exterminating the Skywalkers, to a nexus of dark-side energy unprecedented in its power and its hunger, and to an explosive confrontation between opposing wielders of the Force from which only one Master—good or evil—can emerge alive. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

NEW YORK TIMES BESTSELLER The Jedi have struck a blow against tyranny. Can they strike down ultimate evil? Chief of State Natasia Daala has been overthrown, and the Jedi Order has taken control of the Galactic Alliance. But while the new governors dismantle Daala's draconian regime, forces still loyal to the deposed official are mobilizing a counterstrike. And even the Jedi's new authority may not be enough to save Tahiri Veila, the former Jedi Knight and onetime Sith apprentice convicted of treason for the killing of Galactic Alliance officer Gilad Pellaeon. Meanwhile, Luke and Ben Skywalker are relentlessly pursuing Abeloth, the powerful dark-side entity bent on ruling the galaxy. But as they corner their monstrous quarry on the planet Nam Chorios, the two lone Jedi must also face the fury of the Sith death squadron bearing down on them. And when Abeloth turns the tables with an insidious ambush, the Skywalkers' quest threatens to become a suicide mission. Features a bonus section following the novel

NEW YORK TIMES BESTSELLER THE GALAXY STANDS LEADERLESS. CAN THE JEDI SAVE IT—OR WILL THEIR ENEMIES ENSLAVE IT? The toppling of ruthless Natasi Daala has left a political vacuum on Coruscant and ignited a power struggle between opposing factions racing to claim control of the Galactic Alliance. Surrounded by hidden agendas, treacherous conspiracies, and covert Sith agents, the Jedi Order must keep the government from collapsing into anarchy—while facing the combined threats of the resurgent Lost Sith Tribe, a deposed dictator bent on vengeance, and the enduring menace of Abeloth, the profoundly evil entity hungry to become a god. “[Christie] Golden’s excellent storytelling captures the essence of the beloved space opera and should leave series followers eagerly anticipating the story’s conclusion.”—Library Journal

The first volume in a new, nine book series launches a huge story arc with heroic roles for the galaxy's most beloved characters as Han Solo, Luke Skywalker, Leia Organa Solo and their surviving children set off on a journey of discovery and hardship, of obstacles and victories, and the aftermath of the civil war that rocked the galaxy.
