This book aims to develop the basic general management skills required to understand a business, sense the opportunities and problems that it faces, deal effectively with strategic decisions, and set in place the people and operations to implement those decisions.

Strategic leadership techniques are the cornerstone to positive growth and prosperity within businesses and organizations. Implementing new management strategies and practices helps to ensure managers are optimizing their resources and driving innovation. The Encyclopedia of Strategic Leadership and Management investigates emergent administrative techniques and business practices being utilized within corporate and educational settings. Highlighting empirical research and best practices within the field, this encyclopedia will be an authoritative reference source for students, researchers, faculty, librarians, managers, and leaders across various disciplines and cultures.

The highly acclaimed Financial and Strategic Management for Nonprofit Organizations provides an encyclopedic account of all the key financial, legal, and managerial issues facing nonprofit executives. This is today's definitive single-source text and reference for managing any nonprofit organization. Designed for both professional and graduate student readers, this work thoroughly addresses all key aspects of building managerial skill and promoting imagination and innovation in organizations across the nonprofit spectrum. Herrington J. Bryce presents every technique and concept in the context of today's public policies, leading practices, laws, norms, and expectations. Herrington J. Bryce was a senior economist at the Urban Institute, a Brookings Economic Policy Fellow, a Fellow at the Institute of Politics at Harvard and a visiting professor in regional economics and planning at the Massachusetts Institute of Technology. He taught micro economic theory and public finance at Clark University in Worcester, Massachusetts, and was director of the program in legal and budget studies at the University College at the University of Maryland. He currently teaches courses at the College of William & Mary in nonprofits but mostly in corporate financial strategy and cost management—heavily reflected in this text. He has published extensively and has served on many state, local and federal government advisory committees. He has a PhD in economics from the Maxwell School at Syracuse University, and a CLU and ChFC from the American College.

Crossan is a concise, practical guide for the strategic management course. The text provides an organized set of concepts and procedures for analyzing and acting on strategic problems. It takes the point of view of the general manager and presents a consistent, operational approach to analyzing and acting on strategic problems. This revision sees the addition of two new authors, who bring a wealth of experience in developing and teaching this course, and a commitment to excellence. The revision revolves around currency, with new and updated examples and cases, as well as reflect changes to strategy practice and theory.

Appropriate for Strategic Management and Business Policy courses. This text supports Strategy and Policy courses by providing high-quality, class-tested cases with the underlying theme of a general manager facing issues of strategy formulation and implementation, strategic change, and personal action. Cases include those from the Richard Ivey School of Business, Harvard Business School, IMD, and independent sources.
