The Art of the Steal | Amazon.com

Describes the tricks of the scam trade, offering advice on how to identify and outsmart perpetrators of fraud and how to safeguard oneself against identity theft and the misuse of Social Security numbers.

The Art of the Steal tells the story of several larger-than-life figures - the billionaire tycoon Alfred Taubman; the most powerful woman in the art world, Dede Brooks; and the wily British executive Christopher Davidge - who conspired to cheat their clients out of millions of dollars. It offers an unprecedented look inside this secretive, glamorous, gold-plated industry, describing just how Sotheby’s and Christie’s grew from clubby, aristocratic businesses into slick international corporations. And it shows how the groundwork for the most recent illegal activities was laid decades before the perpetrators were caught by federal prosecutors.

From the New York Times bestselling author of Steal Like an Artist and Show Your Work! comes an interactive journal and all-in-one logbook to get your creative juices flowing, and keep a record of your ideas and discoveries. The Steal Like an Artist Journal is the next step in your artistic journey. It combines Austin Kleon ’ s unique and compelling ideas with the physical quality that makes journals like Moleskines so enormously popular. Page after page of ideas, prompts, quotes, and exercises are like a daily course in creativity. There are lists to fill in—Ten Things I Want to Learn, Ten Things I Probably Think About More Than the Average Person. Challenges to take. Illustrated creative exercises—Make a Mixtape (for someone who doesn ’ t know you) and Fill in the Speech Balloons. Pro and con charts—What Excites You?/What Drains You? The journal has an elastic band for place-marking and a special pocket in the back—a “ swipe file ” to store bits and pieces of inspiration. Because if you want to steal like an artist, you need a place to keep your loot.

You don ’ t need to be a genius, you just need to be yourself. That ’ s the message from Austin Kleon, a young writer and artist who knows that creativity is everywhere, creativity is for everyone. A manifesto for the digital age, Steal Like an Artist is a guide whose positive message, graphic look and illustrations, exercises, and examples will put readers directly in touch with their artistic side. When Mr. Kleon was asked to address college students in upstate New York, he shaped his speech around the ten things he wished someone had told him when he was starting out. The talk went viral, and its author dug deeper into his own ideas to create Steal Like an Artist, the book. The result is inspiring, hip, original, practical, and entertaining. And filled with new truths about creativity: Nothing is original, so embrace influence, collect ideas, and remix and re-imagine to discover your own path. Follow your interests wherever they take you. Stay smart, stay out of debt, and risk being boring—the creative you will need to make room to be wild and daring in your imagination.

The Chaser’s Art of the Streal is the only book about management theory that comes with a free MBA (from The Chaser Institute). Divided into seven sections, readers will be fully appraised of everything it takes to become a successful manager, from middling time-server all the way up to mediocre executive. Includes- A guide to corporate slang The history and philosophy of management theory Narcissism checklist- do you have enough of it to be CEO Buzzwords- How to eliminate clear communication from your management style Interspersed throughout the book are case studies to illustrate common management issues. For example, "Donald" was a mediocre student, bullied and harassed, but he turned the tables "The day that switch flipped inside me I was on the path to success", he says. Nowadays "Donald" has a senior job managing geopolitical conflicts by watching TV and sending tweets. Also includes an up-to-date section on dealing with "women" in the workplace. Surprisingly, under the law women are officially categorised as "people" and entitled to equal treatment. In reality, that is rarely followed and you can safely get away with unequal treatment just by appearing to follow the rules. Includes a case study on "Harvey" didn't realise women were real people, who would eventually talk to each other. We also look at lessons that can be learnt from some of the Top 500 companies, including case studies on all the major criminal cartels, including- Commonwealth Bank Westpac ANZ NAB and AMP

The issue of election fraud remains as contentious as it is relevant. Perhaps you have heard that it isn't happening, or maybe you believe that its existence is undeniable. As a writer who isn't afraid to tackle tough issues, Adrian Norman decided to take on the task of investigating election fraud. While many are aware of reporting that shows limited instances of it, the question of how pervasive it is still needed to be answered. This book provides those answers in no uncertain terms. The Art of the Steal takes a robust look at this subject, giving readers a clear picture of the true nature of America's election architecture. This book addresses the most controversial issues surrounding elections and voter fraud, including ballot harvesting, foreigners voting in U.S. elections, voter identification, voter suppression and much more. Whether you’re a policymaker, an elections worker or an ordinary citizen who simply wants their vote to count, this book is an absolute must-read. "Adrian Norman exposes how the crusade to grow government and stifle freedom is often achieved without popular support. The Art of the Steal explains in great detail how the left relies on a win-at-all-costs election strategy rooted in fallacies and fraud to force its agenda on America--seizing power in a mockery of election laws. From vote harvesting to raising dead voters to outright graft and more, this book exposes a terrifying and two-faced assault on democracy."-David Almasi, Vice President of the National Center for Public Policy Research

A history of shoplifting, revealing the roots of our modern dilemma. Rachel Shteir’s The Steal is the first serious study of shoplifting, tracking the fascinating history of this ancient crime. Dismissed by academia and the mainstream media and largely misunderstood, shoplifting has become the territory of moralists, mischievous teenagers, tabloid television, and self-help gurus. But shoplifting incurs remarkable real-life costs for retailers and consumers. The "crime tax"-the amount every American family loses to shoplifting-related price inflation-is more than \$400 a year. Shoplifting cost American retailers \$11.7 billion in 2009. The theft of one \$5.00 item from Whole Foods can require sales of hundreds of dollars to break even. The Steal begins when shoplifting entered the modern record as urbanization and consumerism made London into Europe's busiest mercantile capital. Crossing the channel to nineteenth-century Paris, Shteir tracks the rise of the department store and the pathologizing of shoplifting as kleptomania. In 1960s America, shoplifting becomes a symbol of resistance when the publication of Abbie Hoffman’s Steal This Book popularizes shoplifting as an antiestablishment act. Some contemporary analysts see our current epidemic as a response to a culture of hyper-consumerism; others question whether its upticks can be tied to economic downturns at all. Few provide convincing theories about why it goes up or down. Just as experts can’t agree on why people shoplift, they can’t agree on how to stop it. Shoplifting has been punished by death, discouraged by shame tactics, and protected against by high-tech surveillance. Shoplifters have been treated by psychoanalysis, medicated with pharmaceuticals, and enforced by law to attend rehabilitation groups. While a few individuals have abandoned their sticky-fingered habits, shoplifting shows no signs of slowing. In The Steal, Shteir guides us through a remarkable tour of all things shoplifting-we visit the Woodbury Commons Outlet Mall, where boosters run rampant, watch the surveillance footage from Winona Ryder’s famed shopping trip, and learn the history of antitheft technology. A groundbreaking study, The Steal shows us that shoplifting in its many guises-crime, disease, protest-is best understood as a reflection of our society, ourselves.

Responsible, disciplined William Fox channeled his love for art and his faith in the rules into being an FBI Art Crimes agent. Right and wrong, justice and injustice-the differences are clear, and Will has spent his career drawing a line between them. Maybe his convictions have cost him relationships, but he's not willing to compromise what he knows is right. Until the night he meets Amory Vaughn. As the head of his family’s philanthropic foundation, Vaughn knows very well that being rich and powerful can get him almost anything he wants. And when he meets endearingly grumpy and slightly awkward William Fox, he wants him more than he’s wanted anything. Vaughn is used to being desired for his name and his money, but Will doesn’t care about either. When Vaughn falls back on old habits and attempts to impress Will by stealing a painting Will admires, their nascent bond blows up in his face. But Vaughn isn't willing to give up on the glimpse of passion he saw the night he took Will apart. Before Will knows it, he’s falling for the man he should have arrested, and Vaughn has to realize that some things can't be bought or stolen. Love has to be given freely. But can a man who lives by the rules, and a man who thinks the rules don't apply to him, ever see eye to eye?

They say diamonds are a girl ' s best friend—until they ' re stolen. Ania Throne is devoted to her jewelry company. The daughter of one of the world ' s most famous jewelers, she arrives in Cannes with a stunning new collection. But a shocking theft by the notorious thief known as the Leopard throws her into upheaval—and plunges her on an unexpected hunt that challenges everything she believes. Jerome Curtis thinks he ' s seen it all, especially when it comes to crime. Until he ' s hired to investigate the loss of Ania Thorne ' s collection, his every skill put to the test as he chases after a mysterious master-mind responsible for some of the costliest heists in history—and finds himself in a tangled web with a woman he really shouldn ' t fall in love with. From the fabled Carlton Hotel to the elegant boulevards of Paris, Ania and Jerome must race against time to catch a thief before the thief catches them. With everything on the line, can they solve the steal or will the steal take more than diamonds from them? Set in the late 1950s, THE STEAL is a romantic caper by bestselling authors C.W. Gortner and M.J. Rose.
