The Complete Herbs Sourcebook features more than two hundred healing herbs and clear, step-by-step advice revealing how to safely treat a wide variety of complaints from diabetes and depression to tinnitus and whooping cough—without any harmful side effects. Featured inside are herbs that benefit all parts of the body, from the circulatory, respiratory, digestive, and nervous systems to the skin, ears, nose, throat, eyes, and beyond. The herbs chosen and remedies featured were specially chosen by expert herbalist David Hoffmann, who trained with the National Institute of Medical Herbalists and has been president of the American Herbalist Guild and director of the California School of Herbal Studies, the premier school of herbal education in the United States. Also presented by Hoffmann are simple ways to diagnose ailments, gather herbs, and prepare the remedies. He reveals the parts of the herbs to be used, when and where to collect them, and the proper preparation and dosage. With The Complete Herbs Sourcebook, you can both create your own herbal medicine chest and find useful information for your family's wholeness and health. Designed as a charming green and white volume, fine line drawings of the herbs are featured throughout. An index for cross-referencing herbs is in the back of the book to ensure safety and reveal how to maximize health benefits. Tips and tricks and key information is offset throughout.

Breverton's Complete Herbal is a modern reworking of Culpeper's classic reference guide, Culpeper's Complete Herbal. Arranged alphabetically, this book describes over 250 herbs and spices as well as feature entries on scented herb/medicinal gardens, the great herbalists and New World Herbs not included in Culpeper's original text. Each entry provides a description of the herb: its appearance and botanical features, a brief history of its uses in medicine, dyeing and cuisine to bizarre remedies and concoctions designed to get rid of all manner of real and imaginary ailments. As informative as it is entertaining, this incredibly diverse compendium contains just about everything you'll ever need to know about the properties and provenance of herbs and spices of the world. From amara dulcis to yarrow, all-heal to viper's bugloss, Breverton's Complete Herbal is a modern day treasury of over 250 herbs and their uses.

The Complete Herbal Guide: A Natural Approach to Healing the Body is essential reference book for anyone interested in maintaining optimal health and overcoming disease. The book contains concise and comprehensive listings of over 175 herbs and conditions. The book has quick and easy references to all the information you need to maintain excellent health the natural way.

Herbal medicines have been used for many centuries to treat illnesses and restore health, and today herbalism still remains the most widely-practiced form of medicine around the world. Written by a leading medical herbalist, The Complete Herbal Tutor provides in-depth knowledge of the practice and theory of herbal medicine, including everything you need to know about its history, how it works, how to grow, gather and prepare herbs, and how to use them to create an herbal prescription. The rigorously researched and illustrated materia medica contains over 150 herbs, with clear explanations of their properties, active ingredients, and the latest scientific developments on their uses. There is also a clear explanation of how herbs can be used to treat each of the body's systems, with advice on using remedies for healing a range of specific conditions.

The pioneer of herbal veterinary medicine has again thoroughly revised, updated and expanded her book on natural and organic cures and farming methods, first published in 1952 and now a classic in its field.

Herbal medicines have been used for many centuries to treat illnesses and restore health, and today herbalism still remains the most widely-practised form of medicine around the world. Written by a leading medical herbalist, this new revised edition of The Complete Herbal Tutor provides in-depth knowledge of the practice and theory of herbal medicine, including everything you need to know about its history, how it works, how to grow, gather and prepare herbs, and how to use them to create an herbal prescription. The illustrated materia medica contains over 150 herbs, with thorough descriptions of their properties and active ingredients. There is also a clear explanation of how herbs can be used to treat each of the body's systems, with advice on using remedies for healing a range of specific conditions. This revised edition of Anne McIntyre's popular classic will be invaluable to all herbalists and students of herbal medicine. It is beautifully illustrated with a series of colour photographs, many taken by the author in her own garden.

Natural Remedies for Common Conditions provides you with the stepping-stones and techniques to prevent, treat, and overcome conditions the natural way. The authors provide the reader with extraordinary tools and techniques that help you obtain and reach optimum health. This is an excellent book to help prevent, treat and overcome conditions. It is packed with phenomenal advice. Natural Remedies for Common Conditions is the perfect guide to help anyone who has a quest to stay healthy and maintain optimum health.

Echinacea and ginkgo biloba are well-known herbal remedies for common ailments such as colds and memory loss. But the vast majority of herbal aids are underused as treatments or preventatives for everything from insomnia to arthritis to heart disease. In THE COMPLETE HOME GUIDE TO HERBS, NATURAL HEALTH, AND NUTRITION, herbal practitioner Jill Rosemary Davies explains how to promote good health by understanding the body and how it is affected by a wide range of healing plants. She teaches you how to use herbs as potent tools for natural healing as well as how to combine them with nutrition and exercise for a healthy lifestyle. Additionally, you'll find: Sections on cleansings, immunity, life stages, and body systems; a complete A to Z of diseases and treatments; and a section on first aid. Instructions for making your own herbal teas, decoctions, tinctures, ointments, oils, and more. And because the herbs used in this book are widely available in health food stores, drug stores, and grocery stores-some you'll even find growing in your own backyard-incorporating a greater range of beneficial herbs into your life will be all the more simple. Open the book to any page and you'll feel like you've stumbled upon Mother Nature's best-kept secrets.
