The Entrepreneur Mind by Kevin D. Johnson (Book Summary)

The Entrepreneur Mind 8 The idea that entrepreneurs are born, not made, is ridiculous. Contrary to what many erroneously believe, entrepreneurship can be taught and learned. The fact that over six hundred thousand col-lege students were enrolled in some type of entrepreneurship cur-riculum in 2011, up from less than 1 percent of that amount a dec-

They reflect an essential part of the American story—the story of the average person who sees an opportunity, seizes it and in the process creates something new. But what do these entrepreneurs share? What qualities or ways of thinking characterize the entrepreneurial mind, and can this type of innovative thinking be cultivated in others?

100 Essential Beliefs, Characteristics and Habits of Elite Entrepreneurs What Every Successful Entrepreneur Knows But Won't Tell You Achieve unimaginable business success and financial wealth. Reach the upper echelons of entrepreneurs, where you'll find Mark Zuckerberg of Facebook, Sara Blakely of Spanx, Mark Pincus of Zynga and many others. Develop the Entrepreneur Mind – a way of thinking that comes from learning the vital lessons of the best entrepreneurs. Through compelling stories of modern-day business tycoons, Kevin Johnson, president of the multi-million dollar company Johnson Media Inc., shares the essential beliefs, characteristics and habits of elite entrepreneurs. In this riveting book, written for new and veteran entrepreneurs, Johnson identifies 100 lessons in seven key areas: Strategy, Education, People, Finance, Marketing and Sales, Leadership, and Motivation. Lessons include how to think big, who makes the best business partners, what captivates investors, when to abandon a business idea, where to avoid opening a business bank account, and why too much formal education can hinder your entrepreneurial growth. Smart and insightful, The Entrepreneur Mind is the ultimate primer on how to think like an entrepreneur. KEVIN D. JOHNSON, president of Johnson Media Inc. and a serial entrepreneur, has several years of experience leading his multimillion-dollar marketing and communications company that now serves many of the most notable Fortune 100 businesses.

"What every successful entrepreneur knows, but won't tell you" -- Cover.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover the specificities that characterize entrepreneurs and the attitudes to adopt to succeed in this industry. You will also discover that : an entrepreneur's aspirations for his work are fundamentally different from those of the majority; a successful company has a vision and the desire to provide a new and efficient service; a good entrepreneur must be bold, pragmatic and tenacious; the key points to work on are the intelligent management of capital and cash flow, valuing merit and performance in the company, and a focus on the customer and their needs. Entrepreneurs differ from most people in the way they look at life. They aspire to create their own jobs and opportunities, to take control of their professional life. While many people aspire to stability, they are not afraid to live with the risks involved in the success of their projects. The entrepreneurial spirit is also based on many qualities and habits, which are not necessarily innate. Accumulating experience and learning from one's reading and research allows one to gradually develop one's entrepreneurial soul. This is the goal of "The Entrepreneur Mind", which provides 100 concrete tips to avoid mistakes and achieve success. *Buy now the summary of this book for the modest price of a cup of coffee!

THIS BOOK IS A SUMMARY OF THE ORIGINAL WORK BY KEVIN JOHNSON There is no one born with Entrepreneurship or the ability to be an Entrepreneur. Entrepreneurship is not inbred, it is learned. The logic that says it can't be taught has been proven inaccurate and the fact that recently, more college students enrol in one type of entrepreneurship class or the other proves this to be true. Entrepreneurship has taken a place of respect in the academic world and it has come to stay. In truth, the secret to being a good Entrepreneur is the same as that of many other fields; constant study and applied knowledge. In the event that you don't have the time or the opportunity to study entrepreneurship in the university, you can acquire the required knowledge by reading expansively and stocking your library with lots of good books on the discipline. After reading all those books, you'll need a practical point of view to the ideas you find in them; this book provides that practical perspective. In this book, you will find 100 essential lessons that will provide a fresh angle on things, an angle you'll never find in entrepreneurship books, magazines or online articles. The lessons vary from how to think outside the box to why you should try different methods of doing things. It even gives guidelines on the traits that you should look for when choosing a life partner. The purpose for which this book was written is to assist budding entrepreneurs (especially those who prefer reading short books) in avoiding certain pitfalls. The most dangerous time in any business venture is at the start, with so many lessons yet to be learned, there is a high chance of mistakes being made and at that stage, and any mistake may prove fatal. Mistakes from spending too many resources on certain things or choosing the wrong partner to work with might spell the end of the business enterprise. There is a lesson in this book for budding entrepreneurs, intermediates and even business veterans. In a nutshell, if you want to think and act like an Entrepreneur, this is the book for you.

Lessons in applying passion and perseverance from prominent entrepreneurs In the world of entrepreneurship, your vision solidifies your resolve when things get tough, and it reminds you why you went into business in the first place. Authors, brothers, and serial entrepreneurs, Matthew and Adam Toren have compiled a wealth of valuable information on the passionate and pragmatic realities of starting your own business. They've also gathered insights from some of the world's most successful entrepreneurs. This book delivers the information that both established and budding entrepreneurs need, explains how to implement that information, and validates each lesson with real-world examples. Small Business, Big Vision provides inspiration and practical advice on everything from creating a one-page business plan to setting up an advisory board, and also delivers a call to social entrepreneurship and sustainable business practices. This powerful book: Offers instruction in whether and how to seek investors Outlines the pros and cons of hiring employees and provides guidance on how to find the best outsourced workers Presents a comprehensive action plan for effective social media marketing Explains how to build an information empire and become an expert Small Business, Big Vision proves that with a flexible mindset, practical skills, and the passion to keep pushing forward, entrepreneurs can find success, even in today's ever-changing business landscape.

NOW IS THE AGE OF THE ENTREPRENEUR - DON'T GET LEFT BEHIND Whether you're tired of your day job or just want to start your own business on the side, "The Entrepreneur Mind: How to develop your entrepreneurial mindset and start a business that works" is the ultimate guide for a fresh and radical career shift. Ignore the old notion of working up the corporate ladder and waiting your turn to do what you love—there is no need to wait and every reason not to. Whether your dream is escaping the corporate grind, becoming your own boss, a six-figure income on your own terms, or just making extra income on the side while keeping a day job, this book is the blueprint. Reinvent the Way You Make a Living, Do What You Love, and Create a New Future! Well, what are you waiting for?! Scroll up and order your copy today!

A blueprint for thriving in your job and building a career by applying the lessons of Silicon Valley's most innovative entrepreneurs. LinkedIn cofounder and chairman Reid Hoffman and author Ben Casnocha show how to accelerate your career in today's competitive world. The key is to manage your career as if it were a start-up business: a living, breathing, growing start-up of you. Why? Start-ups—and the entrepreneurs who run them—are nimble. They invest in themselves. They build their professional networks. They take intelligent risks. They make uncertainty and volatility work to their advantage. These are the very same skills professionals need to get ahead today. This book isn't about cover letters or resumes. Instead, you will learn the best practices of Silicon Valley start-ups, and how to apply these entrepreneurial strategies to your career. Whether you work for a giant multinational corporation, a small local business, or launching your own venture, you need to know how to: * Adapt your career plans as you change, the people around you change, and industries change. * Develop a competitive advantage to win the best jobs and opportunities. * Strengthen your professional network by building powerful alliances and maintaining a diverse mix of relationships. * Find the unique breakout opportunities that massively accelerate career growth. * Take proactive risks to become more resilient to industry tsunamis. * Tap your network for information and intelligence that help you make smarter decisions. A revolutionary new guide to thriving in today's fractured world of work, the strategies in this book will help you survive and thrive and achieve your boldest professional ambitions. The Start-Up of You empowers you to become the CEO of your career and take control of your future.

A no-nonsense, implementable handbook for taking part in the Entrepreneur Revolution We are living in revolutionary times; times with an impact as significant and far-reaching as the previous Industrial Revolution was to the Agricultural Age. Technological shifts have allowed micro-businesses to compete with large corporations. Small business can now have a global footprint, can be structured in low tax environments, move products anywhere in the world, and access unprecedented levels of support. Entrepreneur Revolution means taking the initiative to do something that you love, something that you're good at, and something that will make you money. This masterclass in gaining an entrepreneurial mindset will show how to change the way you think, the way you network, and the way you make a living. Includes new statistics, activities, case studies, and research Takes a look at how the brain can affect the entrepreneurial mindset Offers new ideas for entrepreneurs starting a new business Helps you shake off old ideas and make a great, independent leap forward This inspiring and practical book shows you how to break free from The Industrial Revolution mindset, quit working so hard, follow your dream—and make a fortune along the way.

COMPREHENSIVE, HARD-WON, NO-NONSENSE ADVICE 100 Rules for Entrepreneurs covers every aspect of business from the entrepreneur's point of view. Unlike other guides it avoids mere theorising. Instead, everything is tackled in light of the realities of business in the 21st century, and through the lens of serious entrepreneurial experience. The rise of regulations, the impact of competition and the growth of globalisation means that start-ups have to be more flexible and robust than ever before in order to prevail. Mindful of this, Neil Lewis provides practical and original advice on: - how to properly measure profit - and what a really sustainable business looks like (and how it can be grown) - how to handle recruitment - and not only why freelance is the future, but how best to take advantage of it - how to manage your management team, set effective goals for your business and prevent the rot from setting in - the best time to sell your business (and how best to do it). He also brings to bear his experiences on dealing with dividends, shareholders and other advanced aspects of running a start-up. GRITTY WISDOM Accessible and memorable - counterintuitive at times, at times reassuringly simple; refreshingly realistic throughout - 100 Rules is the ultimate companion for today's entrepreneur. It is the direct and hard-earned wisdom of an entrepreneur who has seen it all: the giddy heights of reaching a £12m valuation in eight years from a simple start in a back bedroom with a computer and £2,000; the dizzying descent of losing it all in two, and the work required to pick up and start, successfully, again.

Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage. Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur. Rather, he is a hard-working, self-taught 26-year-old hustler, rainmaker, and bootstrapper who has survived and thrived despite never having held the proverbial "real" job. In Never Get a "Real" Job: How to Dump Your Boss, Build a Business, and Not Go Broke, Gerber challenges the social conventions behind the "real" job and empowers young people to take control of their lives and dump their nine-to-fives—or their quest to attain them. Drawing upon case studies, experiences, and observations, Scott dissects failures, shares hard-learned lessons, and presents practical, affordable, and systematic action steps to building, managing, and marketing a successful business on a shoestring budget. The proven, no-b.s. methodology presented in Never Get a "Real" Job teaches unemployed and underemployed Gen-Yers, aspiring small business owners, students, and recent college graduates how to quit 9-to-5s, become their own bosses, and achieve financial independence.
