The Zhuangzi has been called "the most important of all the Daoist writings", and its "inner chapters" embody the core ideas of philosophical Daoism. In the 4th century AD, the Zhuangzi became a major source of imagery and terminology for a new form of Daoism known as the "Highest Clarity" (Shangqing ??) school that was popular among the aristocracy of the Jin dynasty (AD 265–420).

Chuang Tzu (Chuang Chou, ca, 360 BC), along with Lao Tzu, is a defining figure in Chinese Taoism. Chuang Tzu probably authored only parts of the first 7 chapters of the present text, the so-called Inner Chapters. The others were written either by followers of thinkers of related but different theoretical orientations.

original. The Inner Chapters fantastical passages - in which even birds and trees teach us what they know - offer up a wild menagerie of characters, freewheeling play with language, and surreal humor. And interwoven with Chuang Tzu's sharp instruction on the Tao are short-short stories that are often rough and ribald, rich with satire and paradox." The relationships, both historical and philosophical, among the Zhuangzi's Inner, Outer, and Miscellaneous chapters are the subject of ancient and enduring controversy. Liu marshals linguistic, intertextual, intratextual, and historical evidence to establish an objectively demonstrable chronology and determine the philosophical affiliations among the various chapters. This major advance in Zhuangzi scholarship furnishes indispensable data for all students of the great Daoist text. In a lengthy afterword, Liu compares his conclusions with those of A. C. Graham and addresses the relationship between the Zhuangzi and the Laozi.

This volume is a translation of over two-thirds of the classic Daoist text Zhuangzi (Chuang Tzu), including the complete

Inner Chapters and extensive selections from the Outer and Miscellaneous Chapters, plus judicious selections from 2000 years of traditional Chinese commentaries, which provide the reader access to the text as well as to its reception and interpretation. Brief biographies of the commentators, a bibliography, a glossary, and an index are also included.

This text contains the seven 'inner' chapters of a collection of works known as The Zhuangzi, the title being the name of the author: Zhuangzi (Chuang Tzu). Alongside the Tao Te Ching, The Zhuangzi is considered a fundamental text of the Taoist tradition. The English text has been translated from the French.

The Inner Chapters are the oldest pieces of the larger collection of writings by several fourth, third, and second century B.C. authors that constitute the classic of Taoism, the Chuang-Tzu (or Zhuangzi). It is this core of ancient writings that is ascribed to Chuang-Tzu himself.

This book offers a fundamentally new interpretation of the philosophy of the Chuang-Tzu. It is the first full-length work of its kind which argues that a deep level cognitive structure exists beneath an otherwise random collection of literary anecdotes, cryptic sayings, and dark allusions. The author carefully analyzes myths, legends, monstrous characters, paradoxes, parables and linguistic puzzles as strategically placed techniques for systematically tapping and channeling

the spiritual dimensions of the mind. Allinson takes issue with commentators who have treated the Chuang-Tzu as a minor foray into relativism. Chapter titles are re-translated, textual fragments are relocated, and inauthentic, outer miscellaneous chapters are carefully separated from the transformatory message of the authentic, inner chapters. Each of the inner chapters is shown to be a building block to the next so that they can only be understood as forming a developmental sequence. In the end, the reader is presented with a clear, consistent and coherent view of the Chuang-Tzu that is more in accord with its stature as a major philosophical work.

In this volume, Roth presents an edited version of these notes along with other essays on the text, philosophy and translation of this beloved Taoist classic. He concludes the volume with a colophon in which he presents a critique of Graham's textual scholarship and an attempt to resolve several outstanding text-historical issues. A complete bibliography of Graham's publications and a detailed index are also included."--BOOK JACKET.
