Paul Varderman, a secondary student in an English Catholic School, is a loner until, just as he is becoming friends with "the freaks," the school bully encourages Paul to join his gang and gives him a knife to carry as an incentive.

Paul Vanderman could be at any normal high school where bullies, girls, and annoying teachers are just part of life. But "normal" doesn't apply when it comes to the school's biggest bully, Roth—a twisted and threatening thug with an evil agenda. When Paul ends up delivering a message from Roth to the leader of a gang at a nearby school, it fuels a rivalry with immediate consequences. Paul attempts to distance himself from the feud, but somehow Roth keeps finding reasons for him to stick around. Then one day Roth hands him a knife. And even though Paul is scared, he has never felt so powerful.

He is coming to kill me. Now would be a good time to run. I cannot run. I am too afraid to run. Paul Varderman could be at any normal school - bullies, girls and annoying teachers are just a part of life. Unfortunately 'normal' doesn't apply when it comes to the school's most evil bully, Roth, a twisted and threatening thug with an agenda quite unlike anyone else. When Paul ends up delivering a message from Roth to the leader of a gang at a nearby school, it fuels a rivalry with immediate consequences. Paul attempts to distance himself from the feud, but when Roth hands him a knife it both empowers him and scares him at the same time . . . This thought-provoking and original novel highlights the terrible consequences of peer pressure and violence, and casts a spotlight on the worrying rise in knife crime among teenagers.

Hours later, his body is found in the conservatory and it's very clear his death was no accident. With this group of students who are all hiding something, nothing is as it seems, and everyone has a motive for murder. Fans of the CLUE board game and cult classic film will delight in Diana Peterfreund's modern reimagining of the brand, its characters, and the dark, magnificent old mansion with secrets hidden within its walls.

A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard – and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear everything he thinks. Todd is just a month away from becoming a man, but in the midst of the cacophony, he knows that the town is hiding something from him -- something so awful Todd is forced to flee with only his dog, whose simple, loyal voice he hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World? Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

Not the girl she was when she left campus, back when Heather Shelby's murder fractured everything, including the tight bond linking the six friends she'd been closest to since freshman year. But not everyone is ready to move on. Not everyone left Duquette ten years ago, and not everyone can let Heather's murder go unsolved. Someone is determined to trap the real killer, to make the guilty pay. When the six friends are reunited, they will be forced to confront what happened that night—and the years' worth of secrets each of them would do anything to keep hidden. Told in racing dual timelines, with a dark campus setting and a darker look at friendship, love, obsession, and ambition, In My Dreams I Hold A Knife is an addictive, propulsive read you won't be able to put down.
