With a new afterword by the author, and a sneak preview of Sandy Tolan's new book, *Children of the Stone* In 1967, Bashir Al-Khayri, a Palestinian twenty-five-year-old, journeyed to Israel, with the goal of seeing the beloved old stone house, with the lemon tree behind it, that he and his family had fled nineteen years earlier. To his surprise, when he found the house he was greeted by Dalia Ashkenazi Landau, a nineteen-year-old Israeli college student, whose family fled Europe for Israel following the Holocaust. On the stoop of their shared home, Dalia and Bashir began a rare friendship, forged in the aftermath of war and tested over the next thirty-five years in ways that neither could imagine on that summer day in 1967. Based on extensive research, and springing from his enormously resonant documentary that aired on NPR's *Fresh Air* in 1998, Sandy Tolan brings the Israeli-Palestinian conflict down to its most human level, suggesting that even amid the bleakest political realities there exist stories of hope and reconciliation.

Based on a 43-minute radio documentary that Tolan produced for "*Fresh Air*," this volume pursues the story into the homes and histories of the two families at its center through the present day. Their stories form a personal microcosm of the last 70 years of Israeli-Palestinian history.

In 1967, a twenty-five-year-old refugee named Bashir Khairi traveled from the Palestinian hill town of Ramallah to Ramla, Israel, with a goal: to see the beloved stone house with the lemon tree in its backyard that he and his family had been forced to leave nineteen years earlier. When he arrived, he was greeted by one of its new residents: Dalia Eshkenazi Landau, a nineteen-year-old Israeli college student whose family had fled Europe following the Holocaust. She had lived in that house since she was eleven months old. On the stoop of this shared house, Dalia and Bashir began a surprising friendship, forged in the aftermath of war and later tested as political tensions ran high and Israelis and Palestinians each asserted their own right to live on this land. Adapted from the award-winning adult book and based on Sandy Tolan's extensive research and reporting, *The Lemon Tree* is a deeply personal story of two people seeking hope, transformation, and home.

A beautifully written debut novel of a young Indian woman struggling between embracing her heritage and fitting in as an American. In Oak Grove, California, 1976, there are as many Sikh temples as Christian churches, the city council has prints announcements in both English and Punjabi and the large Indian immigrant community is gracefully coexists with the old farming families. But for 15-year-old Jeeto, figuring out where she fits best—and what she must do to find that fit—isn't so easy. Jeeto soon realizes that the women around her do far more than drink tea on balmy California afternoons—their traditions and religion give shape to fortune and destiny in a world of arranged marriages and strict family politics that force Jeeto to struggle with reconciling the possibilities of freedom and love. In the tradition of Jhumpa Lahiri and Arundhati Roy, *Under the Lemon Trees* is poised to speak to

In the beautiful village of Vernazza, the Mazzone family have transformed an old convent overlooking the glamorous Italian Riviera into the elegant Lemon Tree Hotel. For Chiara, her daughter Elene and her granddaughter Isabella, the running of their hotel is the driving force in their lives. One day, two unexpected guests check in. The first, Dante, is a face from Chiara's past, but what exactly happened between them all those years ago, Elene wonders. Meanwhile, Isabella is preoccupied with the second guest, a mysterious young man who seems to know a lot about the history of the old convent and the people who live there. Isabella is determined to find out his true intentions and discover the secret past of the Lemon Tree Hotel.

When it's pouring with rain, Gogo decides to pass the time by making some pancakes. But she soon discovers that the family has run out of three important ingredients: flour, eggs and milk. Without those, you can't make pancakes. But clever Gogo has an idea. She sends Lungi and Siphon to a different neighbour to borrow what they need, and to take each of them a gift of lemons from the family's lemon tree in return. And so, due to the kindness of the neighbours, Gogo and the eager children are finally able to make the pancakes. "When life gives you lemons, make lemonade." In this imaginative take on that popular saying, a child is surprised to receive a lemon tree from Grandma for her birthday. whole world crumbled as he succumbed to depression... How many men do you know who have been through periods when their lives haven't seemed right? How badly askew were things for them? Many men suffer from depression yet it is still a subject that is taboo. Men often don't visit the doctor, or they don't want to face up to feelings of weakness and vulnerability. By telling his story, Mark Rice-Oxley hopes it will enable others to tell theirs. In this intensely moving memoir he retraces the months of his utmost despair, revisiting a landscape from which at times he felt he would never escape. Written with lyricism and poignancy, Mark captures the visceral nature of this most debilitating of illnesses with a frightening clarity, while at the same time offering a sympathetic and dispassionate view of what is happening, and perhaps why. This is not a self-help book but a memoir that is brimful of experience, understanding and hope for all those who read it. It is above all honest, touching and surprisingly optimistic.

The Lemon Tree is the true story of a Siberian pioneer family's extraordinary year-long journey as they transport their late son's tiny lemon tree to Israel. Ten-year-old Sasha has one dying wish: he asks his family to take his lemon tree—the tree he raised from a seed floating in his tea—and plant it in an orchard in Israel. Nothing deters Sasha's family from fulfilling his dream. The Wissotzskys travel on cattle trains through the Trans-Siberian line, become stranded in Shanghai, are shot at by Manchurian officials, and face the constant threat of typhoid fever, as they overcome these and other harrowing obstacles on their 1918 journey. Against all odds, this real-life pioneer family perseveres in their quest to fulfill a child's dying wish. Can the little tropical tree survive the cold, harsh journey?
