Having taught thousands of students over our careers, it is clear to the authors that many young people are clueless about their direction in life. Yes, they want a career, and yes, they want a good life, but knowing what to

advice for the next generation) in what we believe is the right direction. This direction has been reinforced by over forty years of academic and consulting research on what it really means to be rich. Our approach relies heavily on tried-and-true social science

Hogan shows that God's way of managing money really works.
