From straw huts to skyscrapers, palaces to arts centres, this book features sixteen of the most iconic buildings from around the world including the Parthenon, Notre Dame Cathedral, the Taj Mahal, the Forbidden City, the Bauhaus, Crystal Palace, the Sydney Opera House and the Pompidou Centre, and tells the human story behind each of them. Explains how and why famous buildings in history came to be built. Features detailed illustrations.

All at once, it was as if the stars leapt closer. Grandma grabbed the boy, raising him high above the rooftiles on her head. She was alive! The boy's grandma was a famous architect. Her garden is still full of old building materials. Unwilling to accept she has gone, the boy builds a giant structure from the bricks and girders he finds. And then ... Grandma comes to life! The boy is whisked away on an epic adventure across fields, through oceans and atop roofs. But where is Grandma taking him? Beautiful, thrilling and extremely moving: the extraordinary debut picture book from much-loved author, Ross Montgomery.

In Chris Ware's own words, "Building Stories follows the inhabitants of a three-flat Chicago apartment house: a thirty-year-old woman who has yet to find someone with whom to spend the rest of her life; a couple who wonder if they can bear each other's company for another minute; and finally an elderly woman who never married and is the building's landlady..." The scope, the ambition, the artistry and emotional heft of this project are beyond anything even Chris Ware has achieved before.

An engaging introduction to buildings, with a deft mix of nonfiction and fiction elements.

A young girl narrates her family's move from the city to the country, where they have bought a piece of land and live in a trailer while they build a house from the ground up, with help from relatives and friends.

Presents a full account of the history of Great Britain, from the Norman conquest through nearly one thousand years of history to the end of the twentieth century.

An inspiring picture book biography about British Iraqi architect Zaha Hadid, who was a pioneer in her field against all odds, told by debut author-illustrator Victoria Tentler-Krylov. The city of Baghdad was full of thinkers, artists, and scientists, the littlest among them Zaha Hadid. Zaha knew from a young age that she wanted to be an architect. She set goals for herself and followed them against all odds. A woman in a man's world, and a person of color in a white field, Zaha was met with resistance at every turn. When critics called her a diva and claimed her ideas were unbuildable, she didn't let their judgments stop her from setting goals and achieving them one by one, finding innovative ways to build projects that became famous the world over. She persisted, she followed her dreams, and she succeeded.
