THUNDER IN THE MOUNTAINS: CHIEF JOSEPH, OLIVER OTIS HOWARD, AND THE NEZ PERCE WAR. Who owns history? The uninformed may claim that victors write history. Of course, the victors try to own history but rarely, if ever, do they succeed. Daniel Sharftein’s Thunder in the Mountains is a brilliant evocation of this observation. The histories of the Nez Perce war written from 1877 to now, as has the war itself, have become a battleground over the ownership of history.

Even those who’ve delved into those other titles should make room on the shelf for Thunder in the Mountains, for while authors keep churning out books about George Custer, Sitting Bull and the Little Bighorn, the Nez Perce flight/fight and its participants pack as much punch and human drama and nearly as much name recognition. The words of Chief Joseph are better known than anything Sitting Bull ever said, and in his own way Joseph fought just as hard as the Lakota leader for what he ...

"Beautifully wrought and impossible to put down, Daniel Sharfstein’s Thunder in the Mountains chronicles with compassion and grace that resonant past we should never forget."—Brenda Wineapple, author of Ecstatic Nation: Confidence, Crisis, and Compromise, 1848–1877 After the Civil War and Reconstruction, a new struggle raged in the Northern Rockies. In the summer of 1877, General Oliver Otis Howard, a champion of African American civil rights, ruthlessly pursued hundreds of Nez Perce families who resisted moving onto a reservation. Standing in his way was Chief Joseph, a young leader who never stopped advocating for Native American sovereignty and equal rights. Thunder in the Mountains is the spellbinding story of two legendary figures and their epic clash of ideas about the meaning of freedom and the role of government in American life.

This powerful account of the tragic defeat of the Nez Perce Indians in 1877 by the United States Army is narrated by Chief Joseph’s strong and brave daughter.

"In graphic novel format, explores the battles and hardships faced by Chief Joseph and the Nez Perce when they were forced to leave their homelands"—Provided by publisher.

A New York Times Notable Book of 2013 A Kirkus Best Book of 2013 A Bookpage Best Book of 2013 Dazzling in scope, Ecstatic Nation illuminates one of the most dramatic and momentous chapters in America’s past, when the country dreamed big, craved new lands and new freedom, and was bitterly divided over its great moral wrong: slavery. With a canvas of extraordinary characters, such as P. T. Barnum, Walt Whitman, Frederick Douglass, and L. C. Q. Lamar, Ecstatic Nation brilliantly balances cultural and political history: It’s a riveting account of the sectional conflict that preceded the Civil War, and it astutely chronicles the complex aftermath of that war and Reconstruction, including the promise that women would share in a new definition of American citizenship. It takes us from photographic surveys of the Sierra Nevadas to the discovery of gold in the South Dakota hills, and it signals the painful, thrilling birth of modern America. An epic tale by award-winning author Brenda Wineapple, Ecstatic Nation lyrically and with true originality captures the optimism, the failures, and the tragic exuberance of a renewed Republic.

The West Virginia mine war of 1920-21, a major civil insurrection of unusual brutality on both sides, even by the standards of the coal fields, involved thousands of union and nonunion miners, state and private police, militia, and federal troops. Before it was over, three West Virginia counties were in open rebellion, much of the state was under military rule, and bombers of the U.S. Army Air Corps had been dispatched against striking miners. The origins of this civil war were in the Draconian rule of the coal companies over the fiercely proud miners of Appalachia. It began in the small railroad town of Matewan when Mayor C. C. Testerman and Police Chief Sid Hatfield sided with striking miners against agents of the Baldwin-Felts Detective Agency, who attempted to evict the miners from company-owned housing. During a street battle, Mayor Testerman, seven Baldwin-Felts agents, and two miners were shot to death. Hatfield became a folk hero to Appalachia. But he, like Testerman, was to be a martyr. The next summer, Baldwin-Felts agents assassinated him and his best friend, Ed Chambers, as their wives watched, on the steps of the courthouse in Welch, accelerating the miners’ rebellion into open warfare. Much neglected in historical accounts, Thunder in the Mountains is the only available book-length account of the crisis in American industrial relations and governance that occurred during the West Virginia mine war of 1920-21.

Explores myths and historical facts pertaining to the life of Nez Perce leader Chief Joseph in an account that challenges beliefs about the role he played in the tribe’s retreat and documents the tragic destruction of the Nez Perce way of life.

In Saga of Chief Joseph, Helen Addison Howard has written the definitive biography of the great Nez Perce chief, a diplomat among warriors. In times of war and peace, Chief Joseph exhibited gifts of the first rank as a leader for peace and tribal liberty. Following his people’s interment in Indian Territory in 1877, Chief Joseph secured their release in 1885 and led them back to their home country. Fiercely principled, he never abandoned his quest to have his country, the Wallowa Valley, returned to its rightful owners. The struggle of the Nez Percés for the freedom they considered paramount in life constitutes one of the most dramatic episodes in Indian history. This completely revised edition of the author’s 1941 version (titled War Chief Joseph) presents in exciting detail the full story of Chief Joseph, with a reevaluation of the five bands engaged in the Nez Perce War, told from the Indian, the white military, and the settler points of view. Especially valuable is the reappraisal, based on significant new material from Indian sources, of Joseph as a war leader. The new introduction by Nicole Tonkovich explores the continuing relevance of Chief Joseph and the lasting significance of Howard’s work during the era of Angie Debo, Alice Marriot, and Muriel H. Wright.

Nez Perce Summer, 1877 tells the story of a people’s epic struggle to survive in the face of unrelenting military force. Written by a noted frontier military historian and reviewed by members of the Nez Perce tribe, this is the most definitive treatment of the Nez Perce War to date.

Gleaned during an 1879 interview, Chief Joseph of the Nez Perce Indians recounts his and his people’s experiences from the arrival of Lewis and Clark through the Nez Perce wars of 1877, and makes a plea for his people to be treated humanely.
