The Highly Sensitive (and Stubborn) Child | Psychology Today

A highly sensitive child [HSC] is one of the fifteen to twenty percent of children born with a nervous system that is highly aware and quick to react to everything. This makes them quick to grasp subtle changes, prefer to reflect deeply before acting, and generally behave conscientiously.

Understanding the Sensitive Child [Online Course ...

It's not easy to be a highly sensitive child. Nor is it always easy to raise, care for, guide and teach a highly sensitive child. This simple, concise book steps beyond a basic understanding of high sensitivity, looking at the challenges and distress that meltdowns can cause for highly sensitive children.

The bestselling author and psychologist whose books have topped 240,000 copies in print now addresses the trait of “ high sensitivity ” in children – and offers a breakthrough parenting guidebook for highly sensitive children and their caregivers. With the publication of *The Highly Sensitive Person*, Elaine Aron became the first person to identify the inborn trait of “ high sensitivity ” and to show how it affects the lives of those who possess it. Up to 20 percent of the population is born highly sensitive, and now in *The Highly Sensitive Child*, Aron shifts her focus to highly sensitive children, who share the same characteristics as highly sensitive adults and thus face unique challenges as they grow up. Rooted in Aron ' s years of experience as a psychotherapist and her original research on child

temperament, The Highly Sensitive Child shows how HSCs are born deeply reflective, sensitive to the subtle, and easily overwhelmed. These qualities can make for smart, conscientious, creative children, but with the wrong parenting or schooling, they can become unusually shy or timid, or begin acting out. Few parents and teachers understand where this behavior comes from – and as a result, HSCs are often mislabeled as overly inhibited, fearful, or “ fussy, ” or classified as “ problem children ” (and in some cases, misdiagnosed with disorders such as Attention Deficit Disorder). But raised with proper understanding and care, HSCs are no more prone to these problems than nonsensitive children and can grow up to be happy, healthy, well-adjusted adults. In this pioneering work, parents will find helpful self-tests and case studies to help them understand their HSC, along with thorough advice on:

- The challenges of raising a highly sensitive child
- The four keys to successfully parenting an HSC
- How to soothe highly sensitive infants
- Helping sensitive children survive in a not-so-sensitive world
- Making school and friendships enjoyable

With chapters addressing the needs of specific age groups, from newborns through teens, The Highly Sensitive Child delivers warmhearted, timely information for parents, teachers, and the sensitive children in their lives.

It's not easy to be a highly sensitive child. Nor is it always easy to raise, care for, guide and teach a highly sensitive child. This simple, concise book steps beyond a basic understanding of high sensitivity, looking at the challenges and distress that meltdowns can cause for highly sensitive children. And for you. A meltdown can be a terrifying experience for a highly sensitive child and for people witnessing it. This guide gives you the confidence to understand what having a meltdown means, and the knowledge to provide support and comfort. We help you to navigate the reasons why meltdowns happen and how to prevent them where possible, as well as the vital need to be compassionate and caring with yourself and others when they do occur.

The 25TH ANNIVERSARY EDITION of the original ground-breaking book on high sensitivity with over 500,000 copies sold. ARE YOU A HIGHLY SENSITIVE PERSON? Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you noted for your empathy? Your conscientiousness? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a highly sensitive person (HSP) and Dr. Elaine Aron ' s The Highly Sensitive Person is the life-changing guide you ' ll want in your toolbox. Over twenty percent of people have this amazing, innate trait. Maybe you are one of them. A similar percentage is found in over 100 species, because high sensitivity is a survival strategy. It is also a way of life for HSPs. In this 25th anniversary edition of the groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist as well as an HSP herself, helps you grasp the reality of your wonderful trait, understand your past in the light of it, and make the most of it in your future. Drawing on her many years of study and face-to-face time spent with thousands of HSPs, she explains the changes you will need to make in order to lead a fuller, richer life. Along with a new Author ' s Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of The Highly Sensitive Person is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs. “ Elaine Aron has not only validated and scientifically corroborated high sensitivity as a trait—she has given a level of empowerment and understanding to a large group of the planet ' s population. I thank Dr. Aron every day for her having brought this awareness to the world. ” —Alanis Morissette, artist, activist, teacher

First, she taught you the value of your highly sensitive nature in her bestselling classic The Highly Sensitive Person. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in response. For highly sensitive people, parenting offers unique stresses—but the good news is that sensitivity can also be a parent ' s most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine

Aron, world-renowned author of the classic *The Highly Sensitive Person* and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering:

- A self-examination test to help parents identify their level of sensitivity
- Tools to cope with overstimulation
- Advice on dealing with the negative feelings that can surround parenting
- Ways to manage the increased social stimulation and interaction that comes with having a child
- Techniques to deal with shyness around other parents
- Insight into the five big problems that face highly sensitive parents in relationships—and how to work through them

Highly sensitive people have the potential to be not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they—and their child—can thrive on every stage of the parenting journey.

“ This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways. ” —Alanis Morissette, artist, activist, teacher

Do you fall in love hard, but fear intimacy? Are you sick of being told that you are “ too sensitive ” ? Do you struggle to respect a less-sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron ’ s groundbreaking research on temperament and intimacy, *The Highly Sensitive Person in Love* offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, *The Highly Sensitive Person in Love* will help you discover a better way of living and loving.

Ms. Rosenshein provides a hands-on approach for helping you and your highly sensitive child. In *Parenting the Highly Sensitive Child* you will find solutions that work and are easy to apply to home life, school life and your child ’ s emotional world. You will also learn: What a highly sensitive child is and how it ties into ADHD The 4 types of sensitive children Tips & Tools for helping your sensitive child make it in a less than sensitive world

Have other people called your child 'too sensitive'? Do you have children who cry too easily or have too many particular demands? Have you felt at a loss on how to confront your child who may be too emotional and flies off into tantrums easily? Your child may be a highly sensitive child. High sensitivity is a personality trait that may not be common but exists in 15 to 20 percent of our population. They are ordinary people, but highly sensitive people may just have some particular needs not shared by everyone. Having a highly sensitive child may be challenging for parents and many have searched for resources on how to take care of them. This book is a product of my own experience of taking care of a highly sensitive child. Hopefully, the insights I have gathered from my personal experience with HSC may also help other parents in taking better care of their highly sensitive children. In this book, you will learn: What a highly sensitive child is and what causes such a personality trait Ways on disciplining a highly sensitive child Proper attitude and approaches to adopt when caring for a highly sensitive child Issues that may hound a highly sensitive child in their adulthood Get this book and you will never look at your child in the same way again. You will learn to appreciate the giftedness of your child's sensitivity and even be thankful you had one. May your parenting problems find confidence in this book dedicated to the creativity of highly sensitive children.

"Based on groundbreaking research that has the power to change the lives of countless children--and the adults who love them." --Susan Cain, author of *Quiet: The Power of Introverts*. A book that offers hope and a pathway to success for parents, teachers, psychologists, and child development experts coping with difficult children. In Tom Boyce's extraordinary new book, he explores the "dandelion" child (hardy, resilient, healthy), able to survive and flourish under most circumstances, and the "orchid" child (sensitive, susceptible, fragile), who, given the right support, can thrive as much as, if not more than, other children. Boyce writes of his pathfinding research as a developmental pediatrician working with troubled children in child-development research for almost four decades, and explores his major discovery that reveals how genetic make-up and environment shape behavior. He writes that certain variant genes can increase a person's susceptibility to depression, anxiety, attention deficit hyperactivity disorder, and antisocial, sociopathic, or violent behaviors. But rather than seeing this "risk" gene as a liability, Boyce, through his daring research, has recast the way we think of human frailty, and has shown that while these "bad" genes can create problems, they can also, in the right setting and the right environment, result in producing children who not only do better than before but far exceed their peers. Orchid children, Boyce makes clear, are not failed dandelions; they are a different category of child, with special sensitivities and strengths, and need to be nurtured and taught in special ways. And in *The Orchid and the Dandelion*, Boyce shows us how to understand these children for their unique sensibilities, their considerable challenges, their remarkable gifts.

This simple, concise book steps beyond a basic understanding of high sensitivity, looking at the challenges and distress that meltdowns can cause for highly sensitive children. And for you. A meltdown can be a terrifying experience for a highly sensitive child and for people witnessing it. This guide gives you the confidence to understand what having a meltdown means, and the knowledge to provide support and comfort. We help you to navigate the reasons why meltdowns happen and how to prevent them where possible, as well as the vital need to be compassionate and caring with yourself and others when they do occur.

A psychotherapist and workshop leader presents a comprehensive collection of pre-tested exercises developed to enhance the lives of highly sensitive people and help them embrace their unique trait.
