Everyday Revolutionaries provides a longitudinal and rigorous analysis of the legacies of war in a community racked by political violence. By exploring political processes in one of El Salvador's former war zones-a region known for its peasant revolutionary participation-Irina Carlota Silber offers a searing portrait of the entangled aftermaths of confrontation and displacement, aftermaths that have produced continued deception and marginalization. Silber provides one of the first rubrics for understanding and contextualizing postwar disillusionment, drawing on her ethnographic fieldwork and research on immigration to the United States by former insurgents. With an eye for gendered experiences, she unmarks how community members are asked, contradictorily and in different contexts, to relinquish their identities as "revolutionaries" and to develop a new sense of themselves as productive yet marginal postwar citizens via the same "participation" that fueled their revolutionary action. Beautifully written and offering rich stories of hope and despair, Everyday Revolutionaries contributes to important debates in public anthropology and the ethics of engaged research practices.

YOU CAN'T MAKE THIS STUFF UP! Here is a hilarious collection that catches real-life knuckleheads in outrageous acts of brazen stupidity, giving new meaning to that famous four-letter word: "DUH"! * The Oregon resident who was waxing his 1984 Pontiac--and somehow managed to shove the antenna up his nose . . . GRANDMOTHER OF EIGHT MAKES HOLE IN ONE * The Atlanta Braves pitcher who was treated for five-inch-long welts after he tried to iron his polo shirt while wearing it. . . MINERS REFUSE TO WORK AFTER DEATH * The inmate at a Chesapeake Correctional Facility who filed a five million dollar lawsuit against himself . . . DRUNK GETS NINE MONTHS IN VIOLIN CASE * The woman who couldn't stand the discomfort of having a callus on her right foot, so she blew off her big toe with a shotgun . . . Radio personality John "Kato" Machay's lively compilation of news stories, headlines, and courtroom gaffes proves hands down that truth is dumber than fiction! REMEMBER: To err may be human, but to laugh out loud is divine.

Embrace and revel in the stories of the toughest cyclists of all time, told by The Velominati, originators of The Rules. Read and get ready to ride . . . In cycling, suffering brings glory: a rider's value can be judged by their results, but also by their panache and heroism. Prepared to be awed and inspired by Chris Froome riding on at the Tour de France with a broken wrist or Geraint Thomas finishing it with a broken pelvis. In The Hardmen the writers behind cycling superblog Velominati.com and The Rules will tell the stories and illuminate the myths of not just the greatest cyclists ever, but the toughest. From Eddy Merckx to Beryl Burton, and from Marianne Vos to Edwig Van Hooydonk, the book will lay bare the secrets of their extraordinary and inspirational endurance in the face of pain, danger and disaster. After all, suffering is one of the joys of being a cyclist. Embrace climbs, relish the descents, and get ready to harden up. . .
