The wisdom literature of ancient Israel was unique in that God was recognized as the fountainhead of all wisdom. "The fear of the LORD is the beginning of wisdom, and knowledge of the Holy One is understanding" (Proverbs 9:10). Through common grace, people can gain a certain amount of wisdom about how to live in the world.

The New York Public Library staff answers questions remarkable and preposterous, with illustrations by Barry Blitt. Have you've ever wondered if you can keep an octopus in a private home? Do you spend your time thinking about how much Napoleon's brain weighed? If so, Peculiar Questions and Practical Answers is the book for you. The New York Public Library has been fielding questions like these ever since it was founded in 1895. Of course, some of the questions have left the librarians scratching their heads... "In what occupations may one be barefooted?" "What time does a bluebird sing?" "What does it mean when you're being chased by an elephant?" "What kind of apple did Eve eat?" "How many neurotic people are there in the U.S.?" In Peculiar Questions and Practical Answers, the staff of the NYPL has dug through the archives to find thoughtful and often witty answers to over one hundred of the oddest, funniest, and most whimsical questions the library has received since it began record-keeping over seventy-five years ago. One of The New Yorker's best-known and beloved illustrators, Barry Blitt, has created watercolors that bring many of the questions hilariously to life in a book that answers, among others, the question "Does anyone have a copyright on the Bible?"

"Seelert's stories and wisdom demonstrate that the principles and practices leading to winning results in sports are highly transferable to the building of brands, businesses, and organizations. This book tells you how." -Jack Twyman, NBA Hall of Fame player, former ABC Game of the Week announcer, and former Chairman and CEO, Super Food Services Inc. "Seelert's comprehensive revelation of his leadership wisdom is priceless-especially the management of culture through innovative communications, fueled by rock-solid personal spirit and style. Read and succeed . . . it's that actionable. Bob's the real leadership deal." -John W. Luther, President, Luther & Company, Strategic Growth Consulting "I've never been at my best when working for a boss in the traditional sense . . . Authority is not my favorite cultural tool. I am at my best (maybe like you) when I have a coach and mentor. Bob Seelert has played that role for over a decade, providing me with counsel, guidance, perspective, and unconditional love and support. Oh yes, and wisdom. Lots of it! You'll find out what I mean when you read this book." -Kevin Roberts, CEO Worldwide, Saatchi & Saatchi "Bob Seelert entered Saatchi & Saatchi in early 1995 when the company was in flux and extremely unstable. In a few short years, he not only stabilized the business, he grew it into an even greater advertising powerhouse than it once was. If anyone is qualified to write about business turnarounds, it's Seelert!" -David Herro, Chief Investment Officer-International, Harris Associates LP "Spencer Stuart placed Bob Seelert into leadership positions at Kayser-Roth and Saatchi & Saatchi at times when success seemed impossible, but failure was not an acceptable option. In both situations, he achieved highly successful turnarounds, and his stories tell you why." -Thomas Neff, Chairman, Spencer Stuart USA "Bob Seelert and I worked together for twenty years, and I saw firsthand how the wisdom in this book enabled him to build businesses and organizations. For MBA students and other aspiring business leaders, this book will become their well-thumbed how-to guide for constructing a successful career." -Erv Shames, Lecturer, University of Virginia Darden Graduate School of Business and former President and CEO, General Foods USA and Borden, Inc.

In this invaluable companion guide to the universal wisdom and guidance of the I Ching, Wu Wei has extracted the I Ching's deepest wisdom in the form of simple yet profound sayings that the greatest Chinese sages have preserved for thousands of years because of their inestimable worth. To these sayings, Wu Wei has added his enlightened comments to help us apply the empowering and practical wisdom of the I Ching to obtain the wonderful gifts we all seek: prosperity, peace, love, and happiness. Each saying is accompanied by a delightful Chinese ink drawing done in the Zen style by the author.

This sequel to the popular I Ching Wisdom Volume One contains more of Wu Wei's profound sayings drawn from the I Ching's deepest wisdom. Wu Wei has added his enlightened comments to these sayings to help us apply the practical, timeless wisdom of the I Ching to our lives. The wisdom of the I Ching reveals the universal laws that govern us all, and I Ching Wisdom shows us how to live in harmony with those laws to live a life of peace, love, happiness, prosperity, and success. The I Ching's invaluable insights, says Wu Wei, help us steer a safer, clearer course through the uncharted journey of our lives, teach us to recognize and avoid the pitfalls that beset the path of the unenlightened, and show us how to "soar to the heights of success and good fortune." Each saying is accompanied by a delightful Chinese ink drawing done in the Zen style by the author.

Through the ages, the book of Ecclesiastes (Qoheleth) has elicited a wide variety of interpretations. Its status as wisdom literature is secure, but its meaning for the religion of the Hebrew Bible and its heirs has been a matter of much debate. The debate has swung from claiming orthodoxy for the book

to arguing that the message intended by its author is heterodox, in its entirety. There are a number of passages in the book that present difficulties for any comprehensive approach to the work. Martin Shields here fully acknowledges the heterodox nature of Qoheleth's words but offers an orthodox reading of the book as a whole through the eyes of the author of the epilogue. After a survey of attitudes regarding wisdom in the Hebrew Bible itself, which serves as an orientation to the monograph as a whole, Shields provides a detailed study of the epilogue (Qoh 12:9-14), which he believes is the key to the reading of the remainder of the book. He then addresses various problematic texts in the book in light of this perspective, arguing that the book could originally have functioned as a warning to students against joining a wisdom movement that existed at the time of the book's composition. Qoheleth is presented as a true adherent of this movement, and the divergence of his words from the theism presented in the rest of the Hebrew Bible becomes the basis of the epilogue's critique. Finally, Shields proposes a historical context in which just this scenario may have arisen, showing that the desire of the writer of the epilogue is to correct a wayward wisdom tradition.

Core course appropriate for grade 9 Growing in Wisdom, Age, and Grace is the foundational core course suggested for ninth graders. In this course the young people explore two themes that hold great appeal and significance for adolescents--personal identity and relationships. The content and strategies in the course help establish the sense of trust and community upon which the entire program can be built.

The Psalms are the most popular, most universally loved and used book in the Bible, which in turn is the most popular book in the world. They are hymns, songs, poems and prayers, both formal (liturgical and communal) and informal (spontaneous, personal, and individual); and this gives them many layers of meaning rather than one, unlike theologies and creeds. The Psalms are literally inexhaustible, so a new book of reflections on them is always welcome. Especially a book by the beloved, widely read, best-selling author and philosopher, Peter Kreeft. In this work Kreeft shares his personal explorations into the riches of the Psalms, his profound expeditions into this deep ocean of the divinely inspired spiritual water. He focuses on the dozen or so Psalms that are most people's favorites, including Kreeft. Kreeft says that the Psalms are powerful prayers, and a spiritual weapon that God himself has given us for our great task of spiritual warfare, which is human life on earth. "What prayers did Jesus and his disciples pray? The Psalms! As all Jews have always done ever since they had them. The Psalms are God's answer to our plea, 'Teach us to pray.' Christ prayed them not only in synagogue but throughout His life, and at his death. He prayed Psalm 22, 'My God, my God, why hast Thou forsaken me?' even as He was dying on the Cross." - Peter Kreeft, from the Introduction
