"Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler."—Alex Kershaw, New York Times best-selling author of The Longest Winter and TheLiberator The incredible World War II saga of the German-Jewish commandos who fought in Britain's most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. "Garrett's detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge."—Wendy Lower, author of The Ravine and National Book Award finalist Hitler's Furies

As the Nazi war machine caused death and destruction throughout Europe, one man in the Fatherland began his own reign of terror. This is the true story of the pursuit and capture of a serial killer in the heart of the Third Reich. For all appearances, Paul Ogorzow was a model German. An employed family man, party member, and sergeant in the infamous Brownshirts, he had worked his way up in the Berlin railroad from a manual laborer laying track to assistant signalman. But he also had a secret need to harass and frighten women. Then he was given a gift from the Nazi high command. Due to Allied bombing raids, a total blackout was instituted throughout Berlin, including on the commuter trains—trains often used by women riding home alone from the factories. Under cover of darkness and with a helpless flock of victims to choose from, Ogorzow's depredations grew more and more horrific. He escalated from simply frightening women to physically attacking them, eventually raping and murdering them. Beginning in September 1940, he started casually tossing their bodies off the moving train. Though the Nazi party tried to censor news of the attacks, the women of Berlin soon lived in a state of constant fear. It was up to Wilhelm Lüdke, head of the Berlin police's serious crimes division, to hunt down the madman in their midst. For the first time, the gripping full story of Ogorzow's killing spree and Lüdke's relentless pursuit is told in dramatic detail. From the Hardcover edition.

The People's War lifts the Stalinist veil of secrecy to probe an almost untold side of World War II: the experiences of the Soviet people themselves. Going beyond dry and faceless military accounts of the eastern front of the "Great Patriotic War" and the Soviet state's one-dimensional "heroic People," this volume explores how ordinary citizens responded to the war, Stalinist leadership, and Nazi invasion. Drawing on a wealth of archival and recently published material, contributors detail the calculated destruction of a Jewish town by the Germans and present a chilling picture of life in occupied Minsk. They look at the cultural developments of the war as well as the wartime experience of intellectuals, for whom the period was a time of relative freedom. They discuss women's myriad roles in combat and other spheres of activity. They also reassess the behavior and morale of ordinary Red Army troops and offer new conclusions about early counterattacks at the hands of the Germans—defeats that were officially explained as cowardice on the part of high officers. A frank investigation of civilian life behind the front lines, The People's War provides a detailed, balanced picture of the Stalinist USSR by describing not only the command structure and repressive power of the state but also how people reacted to them, cooperated with or opposed them, and adapted or ignored central policy in their own ways. By putting the Soviet people back in their war, this volume helps restore the range and complexity of human experience to one of history's most savage periods.

"Illuminating... An eloquent testament to a doomed city and its people." —The Wall Street Journal In early 1945, General Douglas MacArthur prepared to reclaim Manila, America's Pearl of the Orient, which had been seized by the Japanese in 1942. Convinced the Japanese would abandon the city, he planned a victory parade down Dewey Boulevard—but the enemy had other plans. The Japanese were determined to fight to the death. The battle to liberate Manila resulted in the catastrophic destruction of the city and a rampage by Japanese forces that brutalized the civilian population, resulting in a massacre as horrific as the Rape of Nanking. Drawing from war-crimes testimony, after-action reports, and survivor interviews, Rampage recounts one of the most heartbreaking chapters of Pacific War history.

"A masterpiece" (The Guardian) from the Nobel Prize–winning writer, an oral history of children's experiences in World War II across Russia NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her for inventing "a new kind of literary genre," describing her work as "a history of emotions . . . a history of the soul." Bringing together dozens of voices in her distinctive style, Last Witnesses is Alexievich's collection of the memories of those who were children during World War II. They had sometimes been soldiers as well as witnesses, and their generation grew up with the trauma of the war deeply embedded—a trauma that would change the course of the Russian nation. Collectively, this symphony of children's stories, filled with the everyday details of life in combat, reveals an altogether unprecedented view of the war. Alexievich gives voice to those whose memories have been lost in the official narratives, uncovering a powerful, hidden history from the personal and private experiences of individuals. Translated by the renowned Richard Pevear and Larissa Volokhonsky, Last Witnesses is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. Praise for Last Witnesses "There is a special sort of clear-eyed humility to [Alexievich's] reporting."—"The Guardian "A bracing reminder of the enduring power of the written word to testify to pain like no other medium. . . . Children survive, they grow up, and they do not forget. They are the first and last witnesses."—"The New Republic "A profound triumph."—"The Big Issue "[Alexievich] excavates and briefly gives prominence to demised lives and eradicated communities. . . . It is impossible not to turn the page, impossible not to wonder whom we next might meet, impossible not to think differently about children caught in conflict."—"The Washington Post

Dear Madam — You are surely informed about the situation of all Jews in Central Europe and this letter will not astonish you. In August 1939, just days before World War II broke out in Europe, a Jewish man in Vienna named Alfred Berger mailed a desperate letter to a stranger in America who shared his last name. By pure chance I got your address . . . I beg you instantly to send for me and my wife... Decades later, journalist Faris Cassell stumbled upon the stunning letter and became determined to uncover the story behind it. How did the American Bergers respond? Did Alfred and his family escape Nazi Germany? Over a decade-long investigation in which she traveled thousands of miles, explored archives and offices in Austria, Belarus, Czech Republic, and Israel, interviewed descendants, and found letters, photos, and sketches made by family members during the Holocaust, Cassell wrote the devastating true story of The Unanswered Letter.
